

TECHNICAL EDUCATION QUALITY IMPROVEMENT PROGRAMME

(TEQIP PHASE-II, SUBCOMPONENT 1.1)

REVISED INSTITUTIONAL DEVELOPMENT PROPOSAL UNDER SUB-COMPONENT 1.1

(Upto 31st October 2016)
(PART-I and PART-II)

**“Strengthening Institutions to Improve Learning Outcomes
And
Employability of Graduates”**

NITTE MEENAKSHI INSTITUTE OF TECHNOLOGY

((A Unit of Nitte Education Trust (R), Mangalore)

An Autonomous Institution, Approved by UGC/AICTE/Govt. of Karnataka
Affiliated to the Visvesvaraya Technological University, Belgaum

Accredited By National Board of Accreditation(NBA)

&

National Assessment and Accreditation Council (NAAC)(Tier-I)

| PART-II | | |
|----------------|---|-------------|
| Sl.No | Description | Page |
| 1 | Institutional Basic Information | 24-27 |
| 1.1 | Institutional Identity | 24 |
| 1.2 | Academic Information | 25-26 |
| 1.3 | Faculty Status (Regular/ On contract Faculty) as on March 31 st , 2010 | 27 |
| 1.4 | Baseline Data Parameters | 28 |
| 2 | Revised Institutional Development Proposal (IDP) | 29-159 |
| 2.1 | Give the Executive Summary of the IDP | 29 |
| | a) Details of SWOT Analysis Carried out | 31 |
| | b) Based on SWOT analysis, Provide the "Strategic Plan" Developed for Institutional development. | 34 |
| | c) How the Key Activities Proposed in the Institutional Development Proposal are linked with the Results of SWOT Analysis | 35 |
| 2.3 | State the Specific Objectives and Expected Results of your Proposal in terms of, "Institutional strengthening and Improvements in Employability and Learning outcomes of Graduates". These Objective and Results should be linked to the SWOT analysis. | 38 |
| 2.4 | Action Plan for; | 40 |
| | a) Improving Employability of graduates. | 40 |
| | b) Increased Learning Outcomes of the Students | 42 |
| | c) Obtaining autonomous Institution status within 2 Years | 44 |
| | d) Achieving the Targets of 60% of the Eligible UG and PG Programmes accredited by the End of Two Years and 100% accreditation Obtained and Applied for by the end of the Project of the Eligible UG & PG Programmes. | 44 |

| | | | |
|------|----|---|-----|
| | e) | Implementation of Academic and Non academic Reforms | 46 |
| | f) | Improving interaction with industry | 54 |
| | g) | Enhancement of Research and Consultancy Activities | 55 |
| 2.5 | | Action Plan for Improving the Academic Performance of SC/ST/OBC/academically Weak Students Through Innovative Methods, such as Remedial and Skill development Classes for Increasing the Transition Rate and Pass Rate with the Objective of Improving their Employability. | 58 |
| 2.6 | | Action Plan for Strengthening of PG Programmes, if any and Starting of new PG Programmes. | 63 |
| 2.7 | | Attach the Summary of Training Needs Analysis Carried out. Also provide Faculty Development Plan for the First 18 Months for Improving their Teaching, Subject Area and Research Competence Based on Training Needs Analysis (TNA) in the Following Areas. | 66 |
| 2.8 | | Action Plan for Training Technical and Other Staff in Functional Areas. | 141 |
| 2.9 | | Describe the Relevance and Coherence of Institutional Development Proposal with State's/National (in case of CFIs) Industrial /Economic Development Plan. | 143 |
| 2.10 | | Describe Briefly the Participation of Departments/Faculty in the Proposal Preparation and Implementation. | 145 |
| 2.11 | | Describe the Institutional Project Implementation Arrangements. | 146 |
| 2.12 | | Institutional Budget. | 149 |
| 2.13 | | Targets Against the Deliverables Listed in Table-30. | 151 |
| 2.14 | | Indicate the Action Plan to Ensure that the Project Activities would be Sustained After the End of the Project. | 153 |
| 2.15 | | Procurement Plan for the First 18 Months for Goods / Civil Works in Table-4 and Consultancy Services Including Pedagogical Training in Table-5 with Budget and Timeframe. | 154 |
| 2.16 | | Any Other Information Related to Special Academic Achievements as Given in Eligibility Proposal of the Institution. | 158 |
| 2.17 | | Action Plan (Financial) | 160 |

Index Table for Evaluation Parameters

| Sl. No | Parameters | Page | | |
|---------------|-------------------|--|---|-----|
| I | A | Institutional Basic Information Including Baseline Data | 24-27 | |
| | B | 1 | Procedure adopted for conducting the SWOT analysis and participation of the Stakeholders: | 31 |
| | | 2 | Identification of Strengths, Weaknesses, Opportunities and Threats | 32 |
| | C | 1 | Identification of Development Objectives, Related Specific Objectives, their Expected Results, and its Coherence with SWOT Analysis | 38 |
| | | 2 | Identification of Key Activities and Each of its Specific Objectives | 35 |
| | | 3 | Institutional Project Implementation Arrangements | 146 |
| | D | Coherence of Proposal with State's/Regional Development Plan. | 143 | |
| II | E | 1 | Obtaining Autonomous Institution and Exercising of Autonomy | 44 |
| | | 2 | Proposed Action for Obtaining Accreditation of UG and PG Programmes | 44 |
| | | 3 | Action Plan to Implement Academic and Non Academic Reforms | 46 |
| | F | Improving Learning Outcomes of Students in terms of Higher Pass Rates and Higher Academic Achievements | 42 | |
| | G | Identification of Weak Students and for Improvement in their learning outcomes | 58 | |
| | H | Improving Employability of Graduates | 40 | |
| | I | Strengthening of Existing PG programmes and Starting of New PG Programmes | 63 | |
| | J | 1 | Development Faculty in Subject Domain | 70 |
| | | 2 | Development of Teaching Staff in Subject Domain | |
| | K | Enhance Interaction with Industry | 54 | |
| III | L | Quality of Faculty | 17-23 | |
| | M | Status of Faculty | 17-23 | |

Nitte Education Trust:

Nitte Meenakshi Institute of Technology is a college under the banner of Nitte Education Trust (NET) Mangalore, Karnataka who are pioneers in the field of education since 30 years. NET has a wide and rich experience in education. Within the fold of NET are the Nitte University and Institutions of higher education like Engineering, Management, Medicine, Dental, Pharmaceuticals, Paramedical colleges, and several schools in Mangalore. In totality there are about 10,000 students and 3500 Employees. NET was founded in 1979 by the committed philanthropist and legal luminary, Justice K S Hegde who strongly believed that education was pivotal to the progress of a community. The group includes the well-known industrialist, Mr. N Vinay Hegde and eminent educationist, Dr. N R Shetty who share the same belief and commitment to the cause of education and community development. Since inception, the mission continues to reflect the vision of its founding father in an ever widening manner.

NMIT:

Nitte Meenakshi Institute of Technology(NMIT) is an Autonomous Institution approved by UGC / AICTE / Govt. of Karnataka and affiliated to the Visvesvaraya Technological University, Belgaum. NMIT is Accredited by National Assessment and Accreditation Council (NAAC) for a period of 5 Years from 2014-15. Five Programs of NMIT have successfully undergone Accreditation by National Board of Accreditation under Tier-1 Scheme and obtained the accreditation status as per Washington Accord. NMIT was started in the year 2001 to cater to the needs of the Engineering Professional for the Global Market. The Institution is growing from strength to strength under the broad parasol of Nitte Education Trust.

The sprawling NMIT campus at Bangalore is located on 23 acres of land. The campus is a sylvan learning center located off the International Airport road near Yelahanka, Bangalore.

Vision:

To provide India and World, technical man power of highest academic excellence by shaping our youth through holistic and integrated education of the highest quality.

Mission:

To develop Nitte Meenakshi Institute of Technology through quality, innovative and state of the art educational initiatives into a centre of academic excellence that will turn out youth with well balanced personality and commitment to rich cultural heritage of India and who will successfully face the scientific and technological challenges in the fast evolving global scenario with a high degree of credibility integrity and ethical standards.

Quality Policy:

To bring about Constant and Continuous Improvement in the Quality of Education Imparted and Turning out High Quality Professionals with Balance and Globally Competitive Personality through Regular Monitoring of the Academic/Administrative Activities of the Institution and Implementing Corrective Actions in the Best Transparent Traditions.

NITTE MEENAKSHI INSTITUTE OF TECHNOLOGY

(An Autonomous Institution, Affiliated to VTU, Belgaum,
Approved by AICTE, New Delhi & Govt. of Karnataka)
Accredited by NBA (AICTE), New Delhi
Yelahanka, Bangalore - 560064

Principal's Certificate

This is to certify that the information provided in the Revised Institutional Development Proposal under sub-component 1.1, “Strengthening Institutions to Improve Learning Outcomes and Employability of Graduates” under TEQIP Phase-II is factually correct to the best of my knowledge.

Date:18.04.2015

Composition of Board of Governors

Table-1: Specific TEQIP-II Requirements:

| Name of Member of BoG | Qualifications and Position in the Current Engagements | Position in the BoG |
|--|--|---------------------|
| Chairperson | | |
| Mr. N.V. Hegde | B.Sc., Industrialist (Chairman & M.D. Lamina group of Industries Mangalore) Former Chairman BOG, NITK Surathkal. | Chairman |
| Two Faculty Members of the Institution: | | |
| Prof. K.A. Ranganatha Setty | M.Tech, M.Sc.(Engg) Dean (Academic),NMIT | Member |
| Dr. Ravi Kumar H.M. | Ph.D. (IIT) Prof and Head Dept of EEE, NMIT | Member |
| One Nominee of the UGC. | | |
| Dr. R.P Dahiya | Former Director MNIT, Jaipur Centre for Energetic Studies Indian Institute of Technology Hauz Khas, New Delhi-110016 | Member |
| One Nominee of the State Government. | | |
| Dr.G.Pundarika | Principal, Govt Engineering College, Ramanagara. | Member |
| One Nominee of the University to which the Institution is affiliate | | |
| Prof.L.M.Patnaik | Hon'ble Vice-Chancellor Defence Institute of Advanced Technology(DIAT) Girinagar,Pune-412101 Maharashtra | Member |

Compliance Check Questions:

| | | | |
|----|--|------------|-----------|
| 1. | Is the Chairperson an eminent educationist or Industrialist? | YES | |
| 2. | Is the Chairperson an employee of the Institution? | | NO |
| 3. | Is the Chairperson a serving Government Official? | | NO |
| 4. | Is the Chairperson an elected peoples' representative? | | NO |

Table-2: Full Composition of Board of Governors in the Institutions:

| Sl. No | Name of Member of BoG | Qualifications and position in the current engagements | Position in the BoG | Nominated By |
|--|-----------------------------|--|---------------------|--------------|
| Chairperson: | | | | |
| 1 | Mr. N.V. Hegde | B.Sc. Industrialist (Chairman & M.D. Lamina group of Industries Mangalore) Former Chairman BOG, NITK Surathkal. | Chairman | |
| Members of the Trust: | | | | |
| 2 | Dr.N.R.Shetty | Ph. D. (Dept. of Electrical Engg., IIT, Bombay) . 1.President ISTE, New Delhi. 2.Former Principal,KREC Surathkal. 3.Former Vice Chancellor, Bangalore University. | Member | Management |
| 3 | Sri.Vishal Hegde | BBM Industrialist . Trustee, Nitte Education Trust, Mangalore | Member | Management |
| 4 | Mr.Rajendra.M. | B. Com (Chartered Accountant), Director(Finance & Planning), Nitte Education Trust,Mangalore | Member | Management |
| 5 | Dr. P. N. Singh | Ph.D. (IIT,Kanpur) Former Director NITK, Surathkal | Member | Management |
| Two faculty members of the Institution: | | | | |
| 6 | Prof. K.A. Ranganatha Setty | M.Tech, M.Sc.(Engg) Dean (Academic),NMIT | Member | Management |
| 7 | Dr. Ravi Kumar H.M. | Ph.D. (IIT) Prof and Head Dept of EEE, NMIT | Member | Management |
| Educationists or Industrialists: | | | | |
| 8 | Dr.K.D.Nayak | Ph.D. (IIT,Bombay). Outstanding Scientist &Chief Controller R&D (MED &MIST),Ministry of Defence Research & Development | Member | Management |

1.INSTITUTIONAL BASIC INFORMATION

1.1 Institutional Identity:

| | |
|------------------------------------|---|
| Name of the Institution: | Nitte Meenakshi Institute of Technology |
| Is the institution AICTE approved? | Yes |
| Furnish AICTE approval no: | South-West Region/1-10233900/2010/EOA Date: August 23,2010 F No:770-53-034 (NDEG)/ET/2001 August 9,2001 (Refer Annexure -01) |
| Type of Institution: | Private unaided Affiliated to Visweswaraya Technological University |
| Status of Institution: | Autonomous Institute as declared by University (Refer Annexure-02) |

Name of Head of Institution and Project Nodal Officers:

| Head & Nodal Officer | Name | Phone Number | Mobile Number | Fax Number | E-mail Address |
|--|-----------------------|-----------------|-----------------|------------|-------------------------------------|
| Head of the Institution(Full Time) | Dr H C Nagaraj | 080 22167800 | 98452- 75240 | 22167805 | principal@ nmit.ac.in |
| TEQIP Coordinator | Prof.Ranganatha Setty | 080 22167822 | 98459- 23345 | 22167805 | karsetty@ hotmail |
| Project Nodal Officers for: | | | | | |
| Academic Activities | Dr. Sanjay H.A | 080 22167864 | 93425- 60303 | 22167805 | sanjusmg@ gmail.com |
| Civil Works Including Environment Management | Col. Ramachandra | 080 22167800 | 94496- 95748 | 22167805 | b_v_ramachandra @ rediffmail.com |
| Procurement | Prof.Mahaveer Swamy | 080 221678 | 98863- 20801 | 22167805 | nmahaviraswamy @gmail.com |
| Financial Aspects | Sri. Raja Shetty | 080 22167800 | 99805- 65950 | 22167805 | principal@ nmit.ac.in |
| Equity Assurance Plan | Dr.Sandya S | 080 22167864 | 98801- 71708 | 22167805 | sandya9prasad@ gmail.com |

1.2 Academic Information:

Engineering Programmes offered in Academic Year 2014-15:

| Sl No | Title of Programmes | Level (UG, PG, PhD) | Duration (Years) | Year of Starting | AICTE Sanctioned Annual Intake | Total Student Strength |
|-------|--|---------------------|------------------|------------------|--------------------------------|------------------------|
| 1. | B.E. Computer Science and Engineering | UG | 04 | 2001 | 180 | 801 |
| 2. | B.E. Electronics and Communication Engineering | UG | 04 | 2001 | 180 | 754 |
| 3. | B.E. Mechanical Engineering | UG | 04 | 2002 | 180 | 758 |
| 4. | B.E. Information science and Engineering | UG | 04 | 2001 | 120 | 380 |
| 5. | B.E. Electrical & Electronics Engineering | UG | 04 | 2001 | 60 | 241 |
| 6. | B.E. Civil Engineering | UG | 04 | 2009 | 120 | 414 |
| 7. | B.E. Aeronautical Engineering | UG | 04 | 2011 | 60 | 231 |
| 8. | M.Tech (VLSI Design and Embedded Systems) | PG | 02 | 2007 | 18 | 37 |
| 9. | M.Tech (Computer Science and Engineering) | PG | 02 | 2008 | 18 | 61 |
| 10. | M.Tech (Computer Networks & Engg) | PG | 02 | 2012 | 18 | 29 |
| 11. | M.Tech (Digital Communication & Engg.) | PG | 02 | 2012 | 18 | 31 |
| 12. | M.Tech (Thermal Engg) | PG | 02 | 2010 | 18 | 31 |
| 13. | M.Tech (Machine Design) | PG | 02 | 2013 | 24 | 35 |
| 14. | M.Tech (Structure) | PG | 02 | 2013 | 24 | 46 |
| 15. | Electronics and Communication Engineering | Ph.D | 3 | 2006 | | 23 |
| 16. | Computer Science and Engineering | Ph.D | 3 | 2009 | | 07 |
| 17. | Information Science and Engg. | Ph.D | 3 | 2012 | | 08 |
| 18. | Electrical And Electronics Engg | Ph.D | 3 | 2012 | | 05 |
| 19. | Mechanical Engineering | Ph.D | 3 | 2008 | | 09 |
| 20. | Civil | Ph.D | 3 | 2010 | - | - |
| 21. | Mathematics | Ph.D | 3 | 2006 | | 03 |
| 22. | Physics | Ph.D | 3 | 2010 | | - |

Accreditation Status: (Refer Annexure-03)

NMIT is Accredited by National Assessment and Accreditation Council (NAAC) for the period of 5 Years from 2014-15

Accreditation Status of UG Programmes: (Refer Annexure-04)

| Title of UG Programmes being offered | Whether eligible for Accreditation or not | Whether Accredited as on 31st March 2015 | Whether “Applied for” as on 31st March 2015 |
|--|--|--|---|
| B.E. Computer Science and Engineering | Eligible for Accreditation | Accredited | - |
| B.E. Electronics and Communication Engineering | Eligible for Accreditation | Accredited | - |
| B.E. Mechanical Engineering | Eligible for Accreditation | Awaiting for Results | Awaiting for Results |
| B.E. Information science and Engineering | Eligible for Accreditation | Accredited | - |
| B.E. Electrical & Electronics Engineering | Eligible for Accreditation | Accredited | - |
| B.E. Civil Engineering | Eligible for Accreditation | Action being taken to apply for accreditation | - |
| B.E. Aeronautical Engineering | Not Eligible for Accreditation | - | - |

Accreditation Status of PG Programmes:

| Title of PG Programmes being offered | Whether eligible for accreditation or not | Whether accredited as on 31st March 2015 | Whether “Applied for” as on 31st March 2015 |
|--|--|--|---|
| M.Tech (VLSI Design and Embedded Systems) | Eligible for Accreditation | Action being taken to apply for accreditation | - |
| M.Tech (Computer Science and Engineering) | Eligible for Accreditation | Action being taken to apply for accreditation | - |
| M.Tech (Computer Networks & Engg) | Not Eligible for Accreditation | - | - |
| M.Tech (Digital Communication & Networking.) | Not Eligible for Accreditation | - | - |

| | | | |
|-------------------------|--------------------------------|---|---|
| M.Tech (Thermal Engg) | Eligible for Accreditation | Action being taken to apply for accreditation | - |
| M.Tech (Machine Design) | Not Eligible for Accreditation | - | - |
| M.Tech (Structure) | Not Eligible for Accreditation | - | - |

1.3 Faculty Status (Regular/ on contract) as on March 31st, 2015:

| Faculty Rank | No. of Sanctioned Regular post | Present Status: Number in Position by Highest Qualification | | | | | | | | | | | | Total no. o regular faculty in position | Total no. of vacancies | Total no. of contract faculty in position |
|---------------------|--------------------------------|---|----|-------------------|---|-------------------------|---|-------------------|----|-------------------------|----|-------------------|----|---|------------------------|---|
| | | Doctoral Degree | | | | Master Degree | | | | Bachelor holders | | | | | | |
| | | Engineering Disciplines | | Other Disciplines | | Engineering Disciplines | | Other Disciplines | | Engineering Disciplines | | Other Disciplines | | | | |
| | | R | C | R | C | R | C | R | C | R | C | R | C | | | |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15= (3+5+ 7+9+ 11+13) | 16= (2-15) | 17= (4+6+8 +10+ 12+14) |
| Professor | 25 | 28 | 4 | 5 | | | | | | | | | | 37 | | 37 |
| Associate Professor | 50 | 2 | 1 | 40 | | | | | | | | | | 38 | | 38 |
| Assistant Professor | 168 | | 8 | 141 | | 25 | | | | 12 | | | | 168 | | 168 |
| Lecturer | | | | | | | | | | | | | | | | |
| Total | 243 | 30 | 13 | 168 | | 25 | | | | 12 | | | | 243 | | 243 |

R=Regular, C=Contract

1.4 Baseline Data Parameters:

(All data given for the following parameters are strictly restricted to Engineering disciplines only)

| Sl.No | Parameters | Total/Percentage /Amount(In Rs. Lakhs) |
|-------|--|--|
| 1 | Total strength of students in all programmes and all years of study in the year 2014-15 | 3850 |
| 2 | Total women students in all programmes and all years of study in the year 2014-15 | 1035 |
| 3 | Total SC students in all programmes and all years of study in the year 2014-15 | 276 |
| 4 | Total ST students in all programmes and all years of study in the year 2014-15 | 57 |
| 5 | Total OBC students in all programmes and all years of study in the year 2014-15 | 544 |
| 6 | Number of fully functional P-4 and above level computers available for students in the year 2014-15. | 1406 |
| 7 | Total number of syllabus Text books and Reference books available in library for UG & PG students in the year 2014-15 | 40367 |
| 8 | % of UG students placed through campus interviews in the year 2014-15(* On Going) | 88% |
| 9 | % of PG students placed through campus interviews in the year 2014-15 (* On Going) | 53% |
| 10 | % of High quality under graduates (>75% marks) passed out in the year 2013-14. | 44% |
| 11 | % of High quality post graduates (>75% marks) passed out in the year 2013-14. | 60% |
| 12 | Number of research publications in Indian refereed Journals upto 2013-14. | 170 |
| 13 | Number of research publications in International refereed Journals upto 2013-14 . | |
| 14 | Number of Patents obtained upto 2014-15. | 02 |
| 15 | Number of Patents filed in the year 2014-15. | 6 |
| 16 | Number of sponsored research projects completed upto 2013-14 | 22 |
| 17 | The transition rate of students in percentage from 1st year to 2 nd year in the year 2013-14 for : (i) All students (ii) SC (iii) ST (iv) OBC | 89% 90% 91% 95% |
| 18 | IRG from students fee and other charges in the year 2014-15.(Rs. in lacs) | 4536.00Lakhs |
| 19 | IRG from commercialization of R & D products, consultancy & other sources in the year 2014-15. (Rs. in lacs) | 380.00 Lakhs |
| 20 | Total IRG in the year 2014-15 (Rs. in lacs) from Sponsored Projects | |
| 21 | Total recurring expenditure in the year 2013-14. (Rs. in lacs) | 2791.00 Lakhs |

2. REVISED INSTITUTIONAL DEVELOPMENT PROPOSAL

2.1 Give the Executive Summary of the Revised IDP.

Nitte Meenakshi Institute of Technology has met many of the milestones that are essential for realizing excellence in education these are:

- Several Sponsored research Projects amounting to Rs. 5.5 Crores sanctioned by different reputed National Funding Agencies such as DST, DIT, AICTE, DRDO Labs, VGST, IEEE, VTU etc.
- Highly qualified and experienced faculty comprising 48 Ph.Ds primarily from IISc, IITs & NITs
- Strong Industry-Institution Interaction which resulted in placement of 90% of the eligible students.
- Robust and scalable IT Infrastructure with 1400+ computers, 100 Mbps(1:1) Internet connectivity and Wi-fi facility
- Modern Infrastructural Facility & Laboratories
- Accredited by NAAC
- UG programs Accredited by NBA(Tier-1)
- Successful implementation of Out-come based Education
- E-learning resources from Stanford, MIT, Berkeley, Purdue, NPTEL etc.

To build Nitte Meenakshi Institute of Technology as a centre of excellence that imparts quality education and creates competent and skilled engineers who can address global challenges we need to provide a conducive environment that encourages intellectual rigor, productive teamwork, international best practices and promotes of innovation & creativity. Considering the above factors, the vision of the institution and a SWOT analysis we propose the following activities and program for the next two academic years

- Academic and Administrative Reforms
- Faculty Enrichment/Faculty Development programs.
- Enhancement of the competencies of Technical /Supporting /Administrative Staff.
- Strengthening of Labs / Library.
- Support for academically weaker Students.
- Improvement of learning outcome attainment level and Employability of the students.
- Promotion of consultancy and R & D activity.
- Strengthening Industry-Institute Interaction.
- Increased creativity, leading to innovations and entrepreneurship among the Students.

- New PG Programs in emerging areas

The above activities are in line with the following focus areas in the institute's strategic plan:

- Increased research and development capacity in identified areas with stress on quality, optimum development of human resource and infrastructural development plans focusing on economically viable technological innovations all of which will lead to high quality patents and publications.
- Strengthening PG programs encourage Research & Development and Innovations that are relevant to Industries and other relevant Organizations.
- Reforms in academics and governance to enable the faculty strengthen academic and administrative capabilities.
- Improvement in Outcome Based Learning/Teaching (OBLT) processes to increase the quality of education and employability.
- Strengthening Industry-Institute Interaction leading to better placements / internships / consultancy / research output/ Outcome based curricula.
- Strengthening Innovation /Entrepreneurship .

Increased funding under TEQIP Phase II will result in

- Improvement in admission quality
- Improved learning outcomes of UG & PG Students.
- Outcome based curriculum
- 100% Accredited programs
- Increased employability and more entrepreneurs.
- High quality research/funded projects/patents/publications
- Increased number of consultancy/sponsored projects/MOUs
- Improvement in Faculty competency/Qualification
- Student/Faculty Exchange Programs with premier Foreign/Indian Universities

2.2 SWOT Analysis

a) Provide the Details of SWOT Analysis Carried Out.

b) Based on SWOT Analysis, Provide the “Strategic Plan” Developed for Institutional Development.

c) How the Key Activities Proposed in the Institutional Development Proposal are linked with the Results of SWOT Analysis.

a) Provide the Details of SWOT Analysis Carried Out:

Procedure adopted for conducting the SWOT analysis and participation of the Stakeholders:

1. SWOT analysis was carried out by involving all stakeholders such as management, faculty, supporting staff, students, parents, alumni and representatives of employers. For this there were group consultations and discussions.
2. Meetings and consultation were conducted with the HODs and senior faculty. Each department submitted data on strengthening the following institutional infrastructure, laboratories, workshops, library and connectivity. Inputs were also received on new PG programs particularly in emerging areas training for the faculty and additional softwares that could be procured.
3. Adequate emphasis has been given to faculty development. Faculty/non-teaching staff provided their respective Training Needs Analysis.
4. Assessment were made on the additional academic inputs to be provided to the students hailing from weaker sections of the society such as SC/ST/OBC
5. At the departmental level, departmental faculty, technical staff and students discussed their respective SWOT analysis.
6. Departments submitted their departmental development plans to the coordination office of the TEQIP
7. TEQIP office has consolidate the SWOT and TNA received from the departments
8. The entire project in totality was discussed with HODs /senior faculty. Their inputs and suggestions were considered.
9. The project in totality was placed before the BOG for consideration and approval.

While carrying out the SWOT analysis the following factors were considered:

- a) Existing Infrastructure of the institute which includes, buildings, laboratories ,equipment, workshops, library,connectivity, transport, furniture, hostels, medical facilities, play grounds, canteen, availability of Bank and Post office facilities etc.
- b) Fee structure, admission policies of the government including reservations, requirements of the affiliating university/ AICTE/UGC
- c) Outcome based Curriculum Development and teaching & learning processes.

- d) Additional academic support for weaker students to improve their performance in the examination.
- e) Employability rate
- f) Training Needs of Faculty/Technical Staff/Supporting Staff.
- g) Research , consultancy and IPR.
- h) Industry Institute Interaction

After several brain storming sessions, the strengths, weaknesses, opportunities and threats were identified:

Strengths:

- S1. Supportive management, committed faculty & staff and motivated students
- S2. Strong focus on Excellence in Education, Research and Promotion of Innovation & Entrepreneurship.
- S3. Youngest engineering college in the country to be conferred the prestigious Autonomous Status by UGC, New-Delhi. in the year 2007
- S4. Accreditation of the college by National Assessment and Accreditation Council (NAAC) for a period of 5 Years starting from 2014-15
- S5. Accreditation of eligible UG Programs under Tier-1 scheme (As per Washington Accord) of National Board of Accreditation.
- S6. Availability of faculty in all required positions. High qualification experience of the faculty comprising 48 Ph.Ds predominantly from IISc, IITs & NITs. Ongoing PhD work of 62 faculty members & in different research centers of NMIT as well as in other Institutions of Eminence.
- S7. Recognition of Ten Departments as Research Centres by VTU / Mysore University
- S8. Successfully implementation Out-come based Educational process
- S9. Inter-disciplinary research carried out by faculty and students. NMIT is a unique Institution which has established five Multi-Disciplinary Research Centres viz Center for Small Satellite Research, Center for Robotics Research, Center for Nanomaterial & MEMS, Center for Computational Fluid Dynamics and Center for Design Engineering & Process Simulation.
- S10. Sponsored research Projects amounting to Rs. 5.5 Crores sanctioned by different reputed National Funding Agencies such as DST, DIT, AICTE, DRDO, VGST, IEEE, VTU etc.
- S11. Innovation and Entrepreneurship Development Cell (DST) and Business Incubator(MSME) have been Established to encourage the entrepreneurship among the students
- S12. Collaborations in R&D with North Dakota State University-USA, Indo-Korean Institute of Science & Technology, ISRO, Indian Institute of Science, NITK, Fluidyne etc

- S13.Unique Scheme of Deputing UG Students to Industry/R&D Organizations/IISc/IITs/NID for a minimum period of 6 weeks internship qualifying for academic credits
- S14.Excellent Industry-Institution Interaction which resulted in placement of 90% of the eligible students.
- S15.Adequate and well maintained infrastructure for Curricular, Co-curricular and Extra-curricular activities which include NCC/NSS/Rotract/Sports/Cultural clubs/etc.
- S16.Well established Library with adequate books and Journals conforming to AICTE/UGC requirements. Digital Library with subscription to E-Journals through the INDEST consortium. Rich E-learning resources from Stanford, MIT, Berkeley, Purdue, NPTEL etc.
- S17.Cordial and harmonious relationship with all stake-holders.
- S18.Robust and scalable IT Infrastructure with 1400+ computers, 100 Mbps(1:1) Internet connectivity and Wi-fi facility
- S19.Residential and has separate Girls & Boys Hostel facility for more than 1700 students with In-house Mess and Faculty Quarters on the campus.
- S20.Good participation of students in Co-curricular and extra-curricular activities at International/National Level

Weaknesses:

- W1. Admissions based on State Govt. norms results in the admission of some academically weaker students
- W2. PG programs do not attract highly talented students
- W3. Not enough highly merited students are opting for Higher studies/Research.

Opportunities:

- O1. Improve quality of research by increasing interactions with industry and R&D organizations.
- O2. Increasing interaction with reputed institutions by sharing resources and undertaking joint research projects
- O3. Strengthening interaction with Alumni to facilitate more connects with the industry.
- O4. Creating training facilities to improve teaching capabilities of faculty.
- O5. Extending more academic help to assist weaker students especially belonging to SC/ST/OBCs
- O6. Starting new P.G Programs in emerging areas
- O7. Accrediting the remaining few eligible UG & PG Programs

Threats:

- T1. Difficulty to attract and retain PhD candidates faculty particularly in the Engineering disciplines.
- T2. Lack of interest among bright Engineers to pursue research/teaching as career
- T3. Ensuring financial viability of the Institution as the norms for admissions are regulated by the State Govt.

Summary:

It is evident from the above analysis that NMIT has the potential to emerge as a world class provider of technical education. It has strategic intent, requisite facilities and manpower for realizing its Vision of turning out globally competent technical manpower. With its emphasis on quality, Innovation and enterprenurship, NMIT can transform itself into an Institution of choice for budding young and bright minds.

b) Based on SWOT Analysis, Provide the “Strategic Plan” Developed for Institutional Development.

After understanding the Strengths, weakness opportunities and threats for NMIT we have following strategic plan for transforming NMIT into a quality technical education institute at the global level

- To provide trained and skilled engineers of the highest quality to meet the global needs
- To provide blended learning environments through Academic and Administration Reforms leading to improved learning outcomes for the students.
- To further improve our Laboratories /Research facilities/ Library to enhance the quality of teaching and learning process
- To enhance the research culture and entrepreneurship among the faculty and students
- To create an environment that enhances the interaction with reputed Indian/international institutions through mutual sharing of resources and joint research projects
- To Extend academic help to assist academically weaker students
- To strengthen the competency of the faculty through Faculty Development Programmes and skills of technical staff and others through periodic training program.
- To Strengthen Industry/ Institute / Alumni Interaction enabling better placements and increased number of internships

- To start new PG Programs in emerging areas/technologies, thus improving the potential of employability among students.
- To obtain Accreditation for the remaining eligible UG / PG Programs as and when they become eligible.

c)How the Key Activities Proposed in the Institutional Development Proposal are Linked with the Results of SWOT Analysis:

Identification of Key Activities and Each of its Specific Objectives:

After finding out the strengths, weaknesses, opportunities and threats from SWOT analysis the above mentioned institutional strategic plans are mapped with SWOT analysis

| Strategic plan | Mapping with SWOT Analysis | | | | Expected outcomes | Mapping with components/ sub components of the project |
|--|---|----------|----------------------------|----|--|---|
| | S | W | O | T | | |
| To provide trained and skilled engineers of highest quality to meet the global needs | S1 S2 S5 S6 S8 S11 S13 S14 S15 S20 | W1 W2 | O1 O2 O3 O6 O7 | T2 | Skilled Engineers with Professional Ethics | a) Improvements in teaching / learning/ training facilities. b) Modernization and Strengthening of Library or access to knowledge resources. c) Strengthening Industry-Institute Interaction. |
| To provide blended learning environments through Academic and Administration Reforms leading to increased learning outcomes of the students. | S1 S2 S3 S6 S11 S13 S15 S16 S17 S18 S20 | W1 W2 | O1 O2 O4 O5 | T1 | Conducive learning environment. | a) Improvements in teaching / learning/ training facilities. b)Enhancement of research interest among faculty/ students. c) Enhancement of Research and Consultancy activities. |

| | | | | | | |
|--|---|----------|----------------------------|----------|--|---|
| To further improve our Laboratories /Research facilities/ Library to enhance the quality of the teaching and learning process | S2 S7 S9 S10 S11 S12 S16 S18 | - | O1 O2 O3 O4 O6 | T3 | State-of-the-art academic and research facilities leading to better learning outcomes and Research outcomes. | a) Enhancement of Research and Consultancy activities. b) Improve quality of research by resource sharing through collaborative interaction c) Starting new PG Programs. d) Modernization and Strengthening of Library or access to knowledge resources. |
| To enhance the research culture and entrepreneurship among the faculty and students | S2 S6 S9 S10 S11 S12 S13 S16 | W2 W3 | O1 O2 O6 | T2 T3 | Increased number of funded research projects/ patents/ Quality research publications/ Innovations/entrepreneurs. | a) Faculty and staff development for improved competence based on TNA. b) Higher involvement of faculty in R&D activities. c) Institutional management capacity enhancement. |
| To create an environment that enhances the interaction with reputed Indian/ international institutions through mutual sharing of resources and joint research projects | S1 S2 S6 S7 S9 S10 S11 S12 S13 S14 S16 S17 | W3 | O1 O2 O3 O4 | T2 | MOUs/Joint Research Projects with reputed organizations/ industries. | a) Greater interaction with industry. b) Institutional management capacity enhancement. c) Developing institution to improve learning outcomes and employability of graduates. d) Implementation of institutional reforms |
| To Extend academic help to assist academically weaker students | S1 S6 S8 S16 | W1 | O5 | | Improving Academic Performance of the Student. | a) Academic support for academically weak students |
| To strengthen the competency of the faculty through Faculty Development Programmes and skills of technical | S1 S2 S6 S9 S16 S17 | W3 | O1 O2 O4 | T1 T2 | Competent faculty, teaching staff and supporting staff, which helps in creating conducive environment. | a) Faculty and staff development for improved competence based on TNA. b) Higher involvement of faculty in R&D activities. c) Institutional |

| | | | | | | |
|---|---|----------|----------------------------|----|---|--|
| staff and others through periodic training program | | | | | | management capacity enhancement. d) To provide Pedagogical Training to maximum faculty from project institutions. |
| To Start new PG Programs in emerging areas/technologies, thus improving the employability among students. | S1 S2 S9 S11 S14 S15 S16 | W2 W3 | O3 O4 O6 O7 | T2 | New/ Starting PG programs in the emerging area and strengthening the existing PG programs | a. Accreditation of all eligible UG / PG Programs. b. Providing additional Teaching and Research Assistantships for enrolment in Masters and Doctoral programmes in topics linked to economic or societal needs in the thematic areas c. Modernization and Strengthening of Library. |
| To obtain Accreditation for the remaining eligible UG / PG Programs as and when they become eligible. | S2 S4 S5 S8 S9 S11 S14 S16 | W2 W3 | O1 O2 O3 O4 O7 | T1 | 100% Accredited Program (Eligible). | A. Implementation of institutional reforms B. Faculty and staff development for improved competence based on TNA. C. Increased involvement of faculty in R&D activities |

2.3 State the Specific Objectives and Expected Results of your Proposal in terms of, “Institutional Strengthening and Improvements in Employability and Learning Outcomes of Graduates”. These objectives and Results should be Linked to the SWOT Analysis.

Identification of Development Objectives, Related Specific Objectives, their Expected Results, and its Coherence with SWOT Analysis:

By considering the strategic plans mentioned above, we chalked out the objectives and related expected outcomes for the strategic plan.

| Strategic plan based on SWOT analysis | Specific Objective | Expected Results |
|--|--|---|
| To provide trained and skilled engineers of the highest quality to meet the global needs | <ol style="list-style-type: none"> 1. To increase the interaction with Tier-1/Tier-2 Industries 2. To enhance learning activities such as Case studies/course projects/ assignments/etc. leading to increased learning outcomes 3. To improve training of students on Contemporary issues | <ul style="list-style-type: none"> • Increased Placements of Graduates • Enhanced learning outcomes of the graduates |
| To provide blended learning environments through Academic and Administration Reforms leading to increased learning outcomes of the students. | <ol style="list-style-type: none"> 1. To conduct Enrichment Programmes for senior Faculty 2. To provide OBE training for all faculty members to strengthen outcome based learning and teaching (OBLT) 3. To enhance learning activities such as Case studies/course projects/ assignments/etc. leading to increased learning outcomes | <ul style="list-style-type: none"> • Enhanced learning outcomes of the graduates • Conducive working environment for all stake holders. |
| To further improve our Laboratories /Research facilities/ Library to enhance the quality of teaching and learning process | <ol style="list-style-type: none"> 1. To set up of new laboratories in the emerging areas to improve the quality of PG/research in the institution 2. Strengthening of Library resources to keep pace with | <ul style="list-style-type: none"> • Rich Library Resources • Modern PG/Research Laboratories |

| | | |
|--|---|---|
| | fast change in technology | |
| To enhance research culture and entrepreneurship among the faculty and students | <ol style="list-style-type: none"> 1. To provide Seed money for pursuing research to Young faculty 2. To organize workshops/training on specific area of research for both faculty and students. 3. To organize training on IPR and entrepreneurship | <ul style="list-style-type: none"> • Attracting more Funded Research projects/Consultancy/Quality Research Publications • Focus towards IPR and Entrepreneurship. |
| To create an environment that enhances the interaction with reputed Indian/ international institutions through mutual sharing of resources and joint research projects | <ol style="list-style-type: none"> 1. To further motivate the faculty and students to establish networking with reputed Institution | <ul style="list-style-type: none"> • Faculty/Student Exchange • Joint research projects • Increased number of MOUs |
| To Extend academic help to assist academically weaker students | <ol style="list-style-type: none"> 1. To identify and handhold the academically weaker students | <ul style="list-style-type: none"> • Improved pass percentage/transition rate • Enhanced employability |
| To strengthen the competency of the faculty through Faculty Development Programmes and skills of technical staff and others through periodic training program | <ul style="list-style-type: none"> • To develop the faculty and staff holistically for enhancing their efficiency and effectiveness for fulfilling their requirement of various academic responsibilities | <ul style="list-style-type: none"> • Skilled/Competent Faculty and staff |
| To Start new PG Programs in emerging areas/technologies, thus improving the employability among students. | <ol style="list-style-type: none"> 1. Strengthening of the existing PG programmes 2. Starting of new PG programmes in the thrust/emerging areas. | <ul style="list-style-type: none"> • Research Focused PG Programs • Skilled PG Students leading to better employment |
| To obtain Accreditation for the remaining eligible UG / PG Programs as and when they become eligible. | <ol style="list-style-type: none"> 1. To prepare the Self-Assessment Report and apply for NBA accreditation for all eligible Programs 2. To obtain NBA accreditation for eligible UG/PG programs | <ul style="list-style-type: none"> • Applying for NBA accreditation successfully • 100% of the Programs Accredited |

2.4 Provide an Action Plan for:

- a) Improving Employability of Graduates.**
- b) Increased Learning Outcomes of the Students.**
- c) Obtaining Autonomous Institution Status within 2 Years.**
- d) Achieving the Targets of 60% of the Eligible UG and PG Programmes Accredited by the End of Two Years and 100% Accreditation obtained and Applied for by the End of the Project of the Eligible UG & PG Programmes.**
- e) Implementation of Academic and Non Academic Reforms.**
- f) Improving Interaction with Industry.**
- g) Enhancement of Research and Consultancy Activities.**

a) Improving Employability of Graduates:

Improving Employability of Graduates:

Engineering institutions in Karnataka attract students from all over India as well as from foreign countries. There are nearly 200 Engineering colleges in Karnataka offering UG programs in almost all the recognized streams of Engineering / Technology. We are concerned about employability of our outgoing graduate students.

As on 31st March 2015, we have a good placement record. There is scope for improvement such as placing more students in Teir-1 companies.

Some of the initiatives taken to improve the employability of the graduates are

- First year students will during their orientation program exposed to opportunities they have and the professional competence they must develop.
- A course on communications in English, to improve verbal and non-verbal communication skills will be conducted with the support of English language and multimedia laboratory.
- Personality development programmes/Training programs are planned for second year students. These programs impart training on leadership styles and qualities.
- At the commencement of the third year students undergo soft skills/technical skills/Numerical Aptitude training program.
- Employability Induction Task focused at raising student awareness and interest in Internships and Placements, supported by Induction Sessions delivered by Accounting Professional Bodies

- Special courses are arranged to bridge the gap between the industry requirements and the subject knowledge acquired in the college.
- One of the major weaknesses of the students is their weak communication skills. The institute proposes to improve soft skills through special courses in English Communication. Both written and verbal training will be provided through professional trainers.
- More importance will be given to improve the transition rate of the students particularly in respect of students from reserved categories/rural background. The institute continues to provide remedial teaching (extra classes / tutorials) to bring weaker students to the required level of proficiency. This will also raise the confidence amongst academically weaker students and help them face rigorous processes of recruitment.
- **The institute would like to increase its interaction with the industry in the following ways:**
measures:
 - Inviting more industry experts for participation in development and revision of curriculum.
 - Increased involvement of experts from industry in academic bodies like Academic Council, Board of Studies and Board of Examiners.
 - Arranging more aptitude tests, group discussions, and mock interviews by experts drawn from industries to prepare students to face the Interviews.
 - Organizing regular visits to industries.
 - Seeking assistance for Internship Program and to carry out projects in industries.
 - Arranging invited talks by experts from industry and research establishments in emerging areas.

PLAN OF ACTION:

| Activities | Project Months | | | | | |
|--|----------------|-----|-----|-------|-------|-------|
| | 1-3 | 4-6 | 7-9 | 10-12 | 13-15 | 16-18 |
| Tutorial & remedial Programs for weaker students | | | | | | |
| Soft skill development programs | | | | | | |
| Training in Technical Skills/Numerical Aptitude | | | | | | |
| Course Project/ Case Studies/ Assignments | | | | | | |
| Seminars/ workshops | | | | | | |
| Industrial Interactions/ Connect | | | | | | |
| Internship | | | | | | |
| Placement Activity | | | | | | |

b) Increased Learning Outcomes of the Students:

Improving Learning Outcomes of Students in terms of Higher Pass Rates and Higher Academic Achievements:

Student learning outcomes are measured through ability of students to demonstrate. The Institute has adopted measures to implement innovative teaching and learning processes. There is emphasis on keeping courses current with respect to global trends.

1. Updating of Curriculum as per industry/global requirements: The syllabus is periodically revised to accommodate the changing needs of the industry.
2. Improving student skills through course projects and case studies: The principles of outcome based education are implemented via learning methodologies such as course projects, case studies, seminars, take-home assignments, debates and hands-on training.. These expand the student capabilities for analysis, decision making and self-learning.
3. Implementation of Rubrics for better evaluation/assessment tools: Traditional evaluation methods have been replaced by Rubrics evaluation to assess the overall capabilities of the students. Importance is placed on inculcating and evaluating communication skills, presentation skills, project skills, self-development skills, ethics behavioral skills and usage of tools for computing practices. The course outcomes are accessed via course exit survey.

Our institute proposes to implement the following initiatives for increasing the learning ability of the students:

1. Continue to create a Modern and Inspiring Curriculum:

The higher education curricula need to be continually responsive to the changing needs of societies in which the graduates will eventually be working and living. The knowledge base of the curricula has traditionally been shaped by the pedagogy of the discipline and relevant professions. We will continue to use technology for delivering education. Along with the transferable skills, develop curricula to meet changing global requirements keeping in view of employment opportunities.

2. Enhancing Learner Support Systems:

Creating learner centric system for students which will give them greater self-confidence and enable them to progress rapidly in their academic pursuits. Such an approach will provide a stronger foundation for student achievement. Equal importance will be given to prepare students to be independent and create facilities for self-learning. Thus acquired skills

will stand them in good stead for subsequent employment and to become better citizens.

3. Creating an Innovative and Inclusive Learning Environment:

NMIT attracts a diverse student population. It seeks to attract students who are underrepresented in higher education today as well as those who have traditionally better representation in higher education. This requires development of learning materials, supporting the use and application of ICT in teaching and learning. Also adopting learning methodologies such as course projects, case studies, seminars, take-home assignments, debates and hands-on training..

4. Encouraging Excellence in Professional Development:

The endowed faculty is the greatest asset of teaching and learning process. Therefore, faculty will be given the best possible support to enable them to excel in their professional development.

5. Encouraging Students Participation:

Students are to be encouraged to participate and develop innovative minor /major projects in their respective discipline. Students will be provided necessary infrastructure to participate in model making / programming contests.

6. Programme for Academically Weaker Students:

Conducting remedial coaching classes/tutorial for academically weaker students

7. Autonomy:

Since the college is an autonomous institution, several initiatives mentioned above have already been introduced and needs further streamlining and strengthening. The assessment system has equal weightage for Continuous Internal Evaluation as well as Semester End Examination.

8. Faculty Development Programmes:

Funding through TEQIP enables several initiatives for improving capabilities through training and Faculty Development Programmes. These result in improved Teaching Learning Process which not only improve the pass percentage but also background and quality of the student will be enhanced.

PLAN OF ACTION:

| Activities | Project Months | | | | | |
|---|----------------|-----|-----|-------|-------|-------|
| | 1-3 | 4-6 | 7-9 | 10-12 | 13-15 | 16-18 |
| Design of the curriculum | | | | | | |
| Students learning activity like Course Projects/ Case Studies/ Assignments | | | | | | |
| Internship/ Mini Project/ Self Study | | | | | | |
| Industry/ Alumni Interaction for enrichment program for students | | | | | | |
| OBE training and FDPs for faculty | | | | | | |

(c) Obtaining Autonomous Institution Status within 2 Years:*(Refer Annexure- 02)****Obtaining Autonomous Institution and Exercising of autonomy:***

The college has already been granted Autonomous status for all its UG programs by Visvesvaraya Technological University, Belgaum and Government of Karnataka from the academic year 2007-2008 and has the concurrence of UGC, New Delhi. UGC team re-visited NMIT in the year 2012 and conferred autonomous status for a period of 6 Years with effect from Academic year 2012-13 to 2017-18

d) Achieving the Targets of 60% of the Eligible UG and PG programmes Accredited by the End of Two Years and 100% Accreditation Obtained and Applied for by the End of the Project of the Eligible UG & PG Programmes- (Refer Annexure-04)

Proposed Action for Obtaining Accreditation of UG and PG Programmes:

The institute has 7 B.E.programmes and 7 M.Tech Programs. Of these 14 programs, nine programs are eligible for accreditation. Four B.E. programs are accredited by NBA (Teir-1 Scheme). Results are awaited for one program. The list of the NBA accredited programs is furnished below:

| Title of Programs offered | Accreditation Status |
|--|----------------------|
| B.E- Computer Science and Engineering | Accredited |
| B.E -Electronics and Communication Engineering | Accredited |
| B.E- Information Science and Engineering | Accredited |
| B.E -Mechanical Engineering | Waiting for Results |
| B.E- Electrical & Electronics Engineering | Accredited |

- At present 55.55% of the eligible programs are accredited. The UG program in Civil Engineering started in the year 2009-10. The UG Civil program is now eligible for accreditation. Action is being taken to get it accredited .
- With respect to the PG programs, three PG programs are eligible for accreditation. Action is being taken to get them accredited .

In this connect, we have initiated the following action:

- Preperation of the Self Assessment Report(SAR) for accreditation. The SAR is for the B.E- Civil Engineering, M.Tech – VLSI Design and Embedded systems, M.Tech – Computer Science & Engineering and M.Tech – Thermal Power Engineering.
- Considering the accreditation requirements, college is encouraging faculty to take up sponsored projects/IPR/ research publication/qualification up-gradation
- Introduction of further reforms in academics and in governance combined with strengthening of teaching, learning, research and development activity, research publications, patents, etc would facilitate the accreditation of remaining eligible UG / PG Programs.

PLAN OF ACTION:

| Activities | Project Months | | | | | |
|--|----------------|-----|-----|-------|-------|-------|
| | 1-3 | 4-6 | 7-9 | 10-12 | 13-15 | 16-18 |
| OBE training for Faculty | | | | | | |
| Preparaing Self Assessment Report | | | | | | |
| Applying for Accreditation | | | | | | |
| Outcome Based Learning - Teaching | | | | | | |
| Research Activities which leads to Quality Publications/ IPR/ Sponsored Projects | | | | | | |

e) Implementation of Academic and Non Academic Reforms:

Action Plan to Implement Academic and Non Academic Reforms:

The undermentioned academic and non-academics reforms are aimed at overall improvement in Strengthening Institution to improve learning outcomes and employability of graduates.

i) Curricular Reforms:

Nitte Meenakshi Institute of Technology revises the curricula for Engineering Education disciplines at the UG and PG levels so that students are trained to meet and address challenges in the work place. In the design and development of the curriculum NMIT does the following

- Offer conventional Engineering Courses for which there are good job opportunities. The courses are designed keeping in mind Programme Educational Objectives and Programme Outcomes.
- Align courses with requirements of the Industry, the opportunities available in the R&D institutions and the requirements for pursuing higher studies.
- Designing courses, considering curriculum of premier Institutions like IITs, NITs etc. are also considered.
- Refer to the model curriculum defined by Professional Bodies like IEEE, ASME, IETE, AICTE etc..
- Periodically revise course contents to keep them aligned with emerging technologies, and to incorporate feedback from Industries/Associations like NASSCOM/Alumni etc.
- Introduce many program specific and Interdisciplinary Electives based on feedback/Suggestions from stake holders.
- The following Boards/Councils/Committees have been formed to design the curricula according to the UGC Norms
 - Board of Governance
 - Academic Council
 - Board of Studies
 - Departmental Under Graduate Committee

- Designs a curriculum comprising of components like Humanities, Basic sciences, Engineering Sciences and programme specific core courses and electives as per the guidelines of the statutory like AICTE etc.
- Designs a curriculum to meet the requirements of the affiliating university in terms of number of credits, flexibility, choice based credit system, grading in terms of CGPA, CIE standards, SEE standards etc.

ii) Exercising of Autonomy: (Refer Annexure-02)

Obtaining Autonomous Institution and Exercising of Autonomy:

- Rules and regulations for autonomous scheme have been formulated with concurrence of academic council as per the guidelines of VTU/UGC
- Various statutory and non – statutory committees have been formed which empower the faculty members to share responsibilities and take decisions to improve the quality of academic program offered by the college.
- Various departmental committees are formed every academic year for better performance of teaching learning processes. Faculty members are made members of various departmental and college level committees to ensure the participation of the entire faculty in the activities of college. This also helps in promoting administrative abilities of the faculty.

(Refer Copy of Rules and Regulations hand book is enclosed as [Annexure:05.](#))

- Four funds i.e., Corpus Fund, Faculty Development Fund, Equipment Replacement Fund and Maintenance Fund have been created and maintained.
- Based on the financial commitment of each transaction, Principal and Heads of the departments are delegated with power/ responsibility for proper utilization of funds to scale up post graduate education and demand driven research & development and innovation.
- Substantial budget allocation has been made to scale up the PG programmes/start new PG program.
- The college has schemes to sponsor faculty and other staff for participation in developmental programmes, workshops, conferences, organized at regional, national and international levels. Besides participating in programmes cited above, faculty should also be trained to organize similar programs in the college.

- Upgrade/modernize the laboratory by procuring the equipment which can be used for carrying out the experiments in the state of the art technology and also by removing obsolescence.
- Conducting proficiency courses and organizing expert lectures.
- Support for initiating new revenue generation activities and applying for sponsored research projects.
- Separate capital and maintenance budget is prepared every year to scale up PG programmes and Research activities.
- Funding for Student innovation projects.

(iii) Improving Generation, Retention and Utilization of the generated Revenue:

- The institute will utilize and retain generated revenue from tuition and other fees from students, testing services, consultancy, sponsored research projects, patents, commercialization of R&D outputs, sharing of high-tech equipment with industries, public usage of infrastructure for academic activities, conducting training program in specialized areas etc. Revenue thus generated will be used for building up the above four funds and utilized for offering incentives to faculty and staff, instituting awards and rewards for students, faculty and staff, etc. with due approval from the BOARD OF GOVERNORS.
- The departments are already executing funded research projects sponsored by DST, DIT, DRDO, AICTE, VTU, ISRO, VGST, IEEE to name a few. The total worth of sponsored research projects and consultancy works executed in the college as on date is around Rs. 5.5crores. Through these projects, research laboratory facilities have been enhanced. PG and research students are involved in executing such projects apart from appointed research associates.

(iv) Filling-up All Existing Teaching and Staff Vacancies:

Nitte Meenakshi Institute of Technology is one of the premier institutes in the state of Karnataka established in 2001. Since inception, the institution is known for quality in teaching, training and research. The retention percentage of faculty is extremely good in spite of Bangalore being the hub of Education, R&D organizations and Industry.

- As per AICTE requirement, staff-students ratio is 1:15 for UG. Despite being a young institute the ratio is maintained consistently. A ratio of 1:12 is maintained for PG.

This takes care of research activities and executing funded projects. The ratio is maintained in spite of attrition, maternity and study leaves.

- The institution fills up the vacancies as and when created by way of advertising in leading News papers and holding the interviews by a panel of experts in the discipline. University nominee and subject experts are invited for interviews for selection of faculty.
- Two levels of interviews are conducted. One at the department level and other at the college level.
- Similarly, non teaching posts are also filled through advertisement and internal promotions.
- For non – teaching and administrative posts Trade tests , written tests and personal interviews are conducted.
- The Institution also provides opportunity to faculty and staff to upgrade their qualification, which is required for better performance and career advancement.
- Board of Appointment (BOA) frames the policy, guidelines for appointment in addition to the AICTE guidelines.
- Additional increments are offered at the time of entry based on their teaching/ industry/ R&D experience and qualification.
- To attract talent and improve retention among senior faculty special allowances are given.
- Faculty involved in research and guiding PhD candidates are given less teaching work and are also given additional facilities.
- Incentives are also given for publication of research papers and generating funds through projects. This needs to be further refined to attract more faculty to take up research and to enable college to retain faculty who have acquired PhD.
- With a view to further strengthen research and also attract more talented faculty, it is being planned to slowly move towards 1:12 and 1:10 faculty student ratio for UG and PG respectively. There is also a plan to create a cadre of research faculty, who will have to take up higher research activities and also lead the other faculty in research work.
- A portion of the corpus funds may also be used to provide seed money for research.

(v) Delegation of Decision-Making Powers to Senior Institutional Functionaries' with Accountability:

Our Institute provides adequate powers to senior functionaries like Principal, Deans and HoDs with accountability to help better implementation of Project. The powers and responsibilities of the Director/Principal, Deans, HoDs, Professors and other senior faculty in the department, laboratory in-charges and other functionaries are clearly defined and in effect powers are decentralized. As a measure of Financial Reforms, adequate financial powers to the Director/Principal/HODs/Professors of the Institution and other functionaries are delegated by the Board of Governors.

The suggested minimum financial power delegated is listed below:

- Director/Principal/ Dean Rs. 10.00 lac for single purchase order.
- Head of the Department or equivalent: Rs.1.00 lac for single purchase order.
- All expenditure above Rs. 50.00 Lac would have to be approved by the Board of Governors. Similarly all expenditure above Rs.1.00 lac by the Head of the Department shall be approved by the Principal
- All actions connected with Continuing Education Programmes such as Faculty Consultancy, Faculty Development Programmes, Industrial Consultancy Programmes, seminars and conferences should be reported to Board of Governors.

Following are the committees functioning in the institution and department level:

| Statutory Committees | College Level Committees | Department Level Committees |
|----------------------------------|--|---------------------------------------|
| Board of Governors | Academic Monitoring Committee | Departmental Under Graduate Committee |
| Academic Council | Accounts Committee | |
| Anti-Sexual harassment Committee | Technical Purchase Committee | |
| Board of Appointments | Infrastructure Committee | Budget committee |
| | Internal Quality Assurance Cell | |
| Board of Examination | Examination Co-ordination | Internal project committee |
| | Time Table Committee | |
| Grading Advisory Committee | Alumni Association | Time table committee |
| | Science Forum | |
| Finance Committee | Cultural Activities Committee | |
| | Attendance and internal assessment Co-ordination | |
| | EDP Committee | |
| | Placement Committee | Examination committee |
| | Sports Committee | |

| | | |
|--|--|--------------------------|
| TEQIP Core Group | Canteen Committee | Counseling and Mentoring |
| | Transport Committee | |
| Anti-Ragging Committee | Endowment and Scholarship Committee | |
| | Mal practice Cases Consideration Committee | |
| Industry Institute Interaction Cell | Accreditation Committee | |
| | Magazine Committee | |
| Senior Professor identified for Right to information act | Grievance Redressal Committee | Advisory Committee |
| | Student Counseling Committee | |

(vi) Improved Student Performance and Evaluation:

Evaluation of students will be carried out continuously, with following measures,

- Implementing best teaching practices.
- Giving Special attention to academically weaker students
- Remedial action based on students feedback
- Taking steps to announce the results within a week of last examination.
- Maintaining transparency in examination/ evaluation process.
- Remedial classes are to be organized for slow learners.
- Parents' meeting is to be organized by every department, once in a semester to get their feedback.
- Provision is made for Re-totaling, Revaluation and furnishing the photocopy of answer script to students to make the system transparent.

vii) Performance Appraisal of Faculty by Students:

- Institute has made it mandatory to take students feedback at regular interval in each semester. From 2012, Institute has implemented and adopted online feedback mechanism to maintain transparency.
- Head of the department evaluates faculty's performance taking teaching, regularity, research out puts, handling student affairs, sincerity, unbiased evaluation, responsibilities accepted and executed at the departmental level, ability to work in a team etc as inputs.
- An important feature of appraisal system is the introduction of the concept of peer appraisal. Here, each faculty is evaluated by their peers in the department who will

have regular interactions in day to day working. This determines the ability of faculty to work in a team and create congenial atmosphere in the department.

- The overall performance appraisal of the faculty & staff is considered as one of the guidelines for career advancement/ promotions and to assign challenging tasks to the faculty.

viii) Incentive to Faculty for Participating in Consultancy and R & D Activities:

The college has a Research Council to monitor and address the issues of research/consultancy.

Few recommendations implemented are

1. Taking up sponsored research projects from external funding agencies.
2. Stress on Interdisciplinary Research Activities
3. Motivating Faculty and UG & PG students to involve in sponsored research projects and get additional credits.
4. Encouraging students for publishing their work in National/International Conferences/Journals.
5. To develop innovative products, leading to patents.

Impacts

1. The faculty are able to get funding from sponsoring agencies like DST, DIT, ADE, CAIR, NRB, VGST, VTU, IEEE etc for the proposed research projects.
2. Good amount of research projects are carried out & completed successfully.
3. The Institute has the multidisciplinary research in the areas like design, development of small satellites, vision based robotics and nano materials/ Technology.
4. Good number of UG & PG students are involved in implementation of research projects.
5. Both Faculty and UG & PG Students have published their work in National/International Conferences/Journals

In this connection, we have initiated the following action:

- Faculty carrying out a Research Project, are given complete independence for execution of the Research Project.
- Faculty is encouraged to bring sponsored projects from external funding agencies.

- Faculty are provided complete support from the institution in terms of Infrastructure, Computational Facilities, specially allotted time for carrying out research.
- Faculty carrying out a Research Project, have been given some reduction in the work load.
- Policy has been worked out for giving additional incentives.
- 100% Financial support is given for faculty & student for publishing & patenting their work.
- The Faculty undertaking research and development work are given recognition and other incentives.
- The revenue generated out of consultancy services are shared among the faculty involved. The ratio of sharing depends on the utilization of the resources in the institution.
- Faculty are deputed to industries for few months to hands on learning in emerging technologies.
- Study leave is granted with full salary to faculty pursuing higher studies like post graduation, Doctoral programme.

ix) Accreditation of Eligible UG and PG Programmes:

The institute is having Internal Quality Assurance Cell at the Institute level to oversee the activities of the Accreditation process. At departmental level, we are having Program coordinators, Course coordinators, Program assessment committee and Advisory committee for Preparing SAR, Applying for accreditation and successfully face the accreditation visits.

All the initiations mentioned above are continuous process.

PLAN OF ACTION for implementing Academic and Non Academic Reforms:

| Activities | Project Months | | | | | |
|-------------------------------------|----------------|-----|-----|-------|-------|-------|
| | 1-3 | 4-6 | 7-9 | 10-12 | 13-15 | 16-18 |
| Design of curriculum | ■ | | ■ | | ■ | |
| Outcome Based Learning and Teaching | ■ | ■ | ■ | ■ | ■ | ■ |
| updation of the four funds | ■ | | | | ■ | |
| Student evaluation | ■ | ■ | ■ | ■ | ■ | ■ |
| R&D Enhancement | ■ | ■ | ■ | ■ | ■ | ■ |
| Industrial interaction enhancement | ■ | ■ | ■ | ■ | ■ | ■ |
| Accreditation of Programs | ■ | ■ | ■ | ■ | | |

Improving Interaction with Industry:

Enhance Interaction with Industry:

- o The college has taken several initiatives to closely interact with Industries such as deputation of Students to carry Internship Programs/ Post Graduate students for doing their projects/Inviting Experts from Industries to teach Industry specific courses, etc.
- o The college has students' chapters of professional societies such as IEEE, ISTE, IETE, CSI, SAE etc. which interact with the Industry and enable students to undertake collaborative projects.
- o Being an autonomous institute, industry experts and the alumni are involved in the design of curriculum and the syllabus.
- o The placement cell arranges lectures and training programs for students in subject area as well as soft skills from industry personnel.
- o Large number of students undergo internship in industries during summer vacation
- o College has an IEDC cell which arranges lectures on entrepreneurship, patenting from industry personnel, NEN.
- o College has MOUs with several industries like Texas Instruments, Infosys, Wipro, Cypress Semiconductors, DELL, EMC2.
- o College has an MOUs with PIA, SAE, MSME.

College industry interactions resulted in the establishment / creation of highly specialized laboratories facilities

| Organization | new lab/facility is established through collaboration |
|------------------------|--|
| ISRO | <ul style="list-style-type: none"> • Satellite Integration and Testing facility -Clean Room • NASTRAC- Satellite Tracking Facility |
| DRDO Labs | <ul style="list-style-type: none"> • Robotic Laboratory • Image and Video Processing Lab • Computational Fluid Dynamics Lab |
| NITK | Advance Manufacturing Lab |
| Cypress Semiconductor- | PSoC Lab |
| Cranes software | TI Lab |
| IISc, Bangalore | Polymer MEMS Applications Design Facility |
| Texas Instrument | Microcontroller Lab |
| DELL –R&D | Parallel, Grid & Cloud Research Lab |

Following Committee is formed to look in to the Industry –Institute Interaction:

| Name | Position |
|---|----------|
| Dr.H.C.Nagaraj Principal,NMIT | Chairman |
| Dr.Jharna Majumdar Dean (R&D),NMIT | Member |
| Ms. Bhanurekha Reddy Director-Placements & Training NMIT | Member |
| Dr. Sandya S HOD (E&C Engg) NMIT | Member |
| Dr. Ravikumar H M HOD (E&E Engg) NMIT | Member |
| Dr. Dinesh Anvekar HOD (C S& Engg). NMIT | Member |
| Dr. Sanjay H A HOD (IS& Engg). NMIT | Member |

PLAN OF ACTION:

| Activities | Project Months | | | | | |
|--|----------------|-----|-----|-------|-------|-------|
| | 1-3 | 4-6 | 7-9 | 10-12 | 13-15 | 16-18 |
| Initiating MoUs with reputed company/organization | | | | | | |
| Experts lecture | | | | | | |
| Strengthening placements in UG/PG Programs | | | | | | |
| Mutual resource sharing with industry | | | | | | |
| Initiation towards setting up of Industry collaborated laboratory facilities | | | | | | |

(g) Enhancement of Research and Consultancy Activities:

The institution is actively involved in R&D in the frontier/cutting edge/multidisciplinary areas of Engineering and Science. The institute is able to achieve following milestones in a short period of time

- NMIT established five Centres of Excellence in Prominent multidisciplinary Research Areas
 - Center for design and development and launching of Small satellite in collaboration with ISRO
 - Center for design and development of vision based ROBOTS
 - Center for Nano Materials and MEMS
 - Center for Design & Process Simulation
 - Center for Computational Fluid Dynamics

- India's First Pico Satellite has been launched on 12th July 2010 through PSLV-C15 Vehicle from Sriharikota.
- Working model of Pick & Place Robot has been kept as a Permanent Exhibit in Birla Science Center, Hyderabad
- Ten departments are recognized as Research Centres by VTU and University of Mysore
- NMIT has Several Sponsored research Projects amounting to Rs. 5.5 Crores sanctioned by different reputed National Funding Agencies such as
 - Department of Science & Technology, New Delhi
 - Department of Information Technology, New Delhi
 - AICTE, New Delhi.
 - DRDO (ADE, CAIR, CVRDE, NRB)
 - VGST, Govt. of Karnataka
 - IEEE
 - VTU, etc.
- Innovation and Entrepreneurship Development Centre was established in the year 2010 and funded by the Department of Science and Technology (NSTEDB), New Delhi to the tune of Rs. 45 lakhs.
- NMIT has established Business Incubator supported by MSME (Micro, Small and Medium Enterprises), Govt. of India
- NMIT has established an Innovation Club supported by Visveswaraya Technological University and Govt. of Karnataka with a seed money.

Following activities will further enhance research and consultancy:

- Providing seed money for Young Faculty to undertake research/innovative projects
- Incentive scheme for faculty who take up consultancy and testing
- Creating suitable facilities in the areas ,where we have expertise for consultancy and testing services.
- Appointing research assistants to support the faculty in research ,development, consultancy and testing services
- Encouraging faculty to go abroad for paper presentations in International Conferences.
- Strengthening Research laboratories in each department.
- Identifying research areas in consultation with experts from time to time to take up new sponsored research projects.
- Promoting, facilitating and providing the necessary support to the advancement of research undertaken at the college.

- Organizing seminars/workshops in relevant areas of research and to disseminate research outcomes.
- Encouraging and providing incentives for publishing research outputs through appropriate channels (i.e.books, journals, reports etc.)
- Introducing appropriate administrative reforms to promote research and consultancy in the institute.
- Marketing the consultancy services.
- Establishing linkages with leading Academic Institutions, Research establishments and Industries within the country and globally.
- Incentive scheme for the faculty involving in active research by way of:
 - i. Payment of membership fee of any professional society.
 - ii. Book allowances.
 - iii. Re imbursement of Subscription to journals
 - iv. Arranging training program for research scholars on IP rights and patenting.

PLAN OF ACTION:

| Activities | Project Months | | | | | |
|--|----------------|-----|-----|-------|-------|-------|
| | 1-3 | 4-6 | 7-9 | 10-12 | 13-15 | 16-18 |
| Identifying relevant areas in consultation | | | | | | |
| Inviting Research proposals from departments | | | | | | |
| Creating required research facility | | | | | | |
| Identifying the scope of consultancy and practicing | | | | | | |
| Research activities like funded research projects, publications/IPR,etc. | | | | | | |

2.5 Provide an Action Plan for Improving the Academic Performance of SC/ST/OBC/Academically Weak Students through Innovative Methods, such as Remedial and Skill Development Classes for Increasing the Transition Rate and Pass rate with the Objective of Improving their Employability.

Following key activities are strengthened to improve the academic performance of SC/ST/OBC/academically weak students with the objective of improving their employability;

- In order to identify academically weaker Students, Diagnostic tests and statistical analysis are to be carried out within first month of academic semester, remedial measures carried out continuously thereafter.
- Honorarium to faculty and staff for taking bridge courses, remedial teaching classes and skilldevelopment training to bring all students to required level of proficiency. This will also raise the confidence amongst academically weaker students and help them in facing the rigor processes of recruitment.
- One of the major weaknesses of the academically weak students is their poor communication skills. The institute proposes to improve these skills by arranging special expert lectures.
- The institution has the practice of appointing one faculty member for every 10-15 students entering the first year. These Faculty Advisers/ Mentors/Proctors are advised to establish a close relationship with each student, orient them to best practices followed in the college and also keep track of the progress regularly (e.g., with at least fortnightly/monthly meetings) and guide them throughout their four-year course. The institute has adopted the ERP software to strengthen the mentoring system.
- The college has a student counsellor whose services can be availed by the students to share or/and get relief as and when they encounter with problems.
- Additional training programs for weaker students for facing campus interviews.
- Providing extra classes, extra notes and extra guidance for academically weaker students.
- Organizing tutorials involving a mixed group of 10-12 students both academically good and weak students.

- Diagnosing and Tracking Students' Performance and Attendance particularly in 'difficult' subjects
- Teachers will be encouraged to use ICT in the classrooms for effective communication between them and the students.

Nitte Meenakshi Institute of Technology, since its inception is having a committee to look into overall improvement of the SC/ST/OBC/academically weaker students with the objective of improving their employability. At present NMIT has constituted following committee to administer the above mentioned program.

| Name | Position | Nature of duty |
|--|---|--|
| Dr. H.C.Nagaraj Principal,NMIT | Chairman | Overall control, monitoring and implementation of the various programs |
| Prof. K.A.R.Setty Dean (academic), NMIT | Chief Coordinator | 1.Formulating academic time table and action plan in connection with weak students. 2.In consensus with HODs Monitoring remedial classes 3. Monitoring overall activity in connection with weak students |
| Dr.Abdul Sattar HOD, Dept of Physics | 1 st year Coordinator | 1.Appointing faculty advisor to students 2.Organizing special class/ tutorial/remedial classes. 3.Monitoring progress report of the students 4.Periodic assessment of remedial classes and their outcome. 5.Organizing special communication class 6.Students feedback evaluation |
| Dr. Srilatha Rao HOD, Dept of Chemistry | Dy.1 st year Coordinator | 1.Assessing faculty advisors report and suggesting remedial course of action thereafter. 2.Monitoring ragging/sexual harassments. 3.Helping to 1 st year coordinator in monitoring progress report of the students. |
| Dr. Srinivasappa Professor Electronics &Communication Engg | Coordinator (Electronics & Communication Engg) | 1.Appointing faculty advisor to students 2.Organizing special class/ tutorial/remedial classes. 3.Monitoring progress report of the students 4.Periodic assessment of remedial classes and their outcome. 5.Organizing special communication class 6.Monitoring / conducting technical seminar in |

| | | |
|---|---|---|
| | | <p>connection with employability</p> <p>7.Guiding/suggesting technical projects in the last semester</p> <p>8. Students feedback evaluation</p> |

Students feedback evaluation</p> |

| | | |
|--|---------------------------------------|---|
| Dr. Thippeswamy, Professor Computer Science &Engg | IV Year Project Co-ordinator | To assist /guide/suggest technical projects with the objective of improving their employability. |
| Mrs. Bhanurekha Reddy Placement Officer | Coordinator (Placement & Training) | 1. Organizing periodic placements training 2. In consensus with HODs Monitoring regular industrial visits /training. 3. Organizing lecture from industrial experts 4. Organizing mock placement interview 5. To orient the students and enable them to participate in various competitions, seminars, workshops and programmes conducted by other colleges. |
| Mrs. Sharma Students Counselor NMIT | Students Counselor | 1. counseling students who are experiencing personal, social, educational or behavioral problems. 2. To help students to identify their interests, aptitudes and abilities 3. To help students improve their study habits 4. Refer students to appropriate services and agencies when required. |

To increase the transition rate of the academically weak students in the first year, NMIT has made separate coaching time table for coaching classes. For the current academic year we have following time table for the benefit of students.

Special Coaching For Academically Weaker SC/ST/ OBC/ First Year B.E Students:

ACADEMIC SESSION 2015-2016 (Odd Semester)

| Time Table | | | | | |
|------------|----------|-------------------------------|---------|----------------------|------------------|
| Day | Sections | Subject Title | Credits | Faculty Name | Time |
| MON | A,B,C,D | Mathematics-I | 4 | Mr. Dhananjay Murthy | 4.15-6.15 P.M |
| | E,F,G | Basic Electronics Engineering | 4 | Ms. Naina Karkal | |
| | H,I,J,K | Mathematics-I | 4 | Mr. Sree Gourav | |
| | L,M,N | Engineering Physics | 4 | Dr. S Abdul Sattar | |
| TUE | A,B,C,D | Engineering Chemistry | 4 | Dr. Srilatha Rao | |
| | E,F,G | Mathematics-I | 4 | Mr. Dhananjay Murthy | |
| | H,I,J,K | Engineering Physics | 4 | Mr. Shiva Prasad | |
| | L,M,N | Mathematics-I | 4 | Mr. Sree Gourav | |
| WED | A,B,C,D | Basic Electronics Engineering | 4 | Mrs. Veda | |
| | E,F,G | Engineering Chemistry | 4 | Dr. Aravind T | |
| | H,I,J,K | Basic Electrical Engineering | 4 | Mr. Ramesh | |

| | | | | | |
|-----|---------|------------------------------------|---|----------------------|-----------|
| | L,M,N | Elements of Mechanical Engineering | 4 | Mr. Praveen Kumar | |
| THU | A,B,C,D | Computer Concepts & C Programming | 4 | Mr. Chandra Sekhar | |
| | E,F,G | CAD | 4 | Mr. Hemanth Kumar | |
| | H,I,J,K | Engineering Mechanics | 4 | Mr. Vinay M | |
| | L,M,N | Basic Electrical Engineering | 4 | Mr. Pertha Sarathy | |
| FRI | A,B,C,D | CAD | 4 | Mr. Sandeep G | |
| | E,F,G | Computer Concepts & C Programming | 4 | Mr. Afroz Pasha | |
| | H,I,J,K | Elements of Mechanical Engineering | 4 | Mr. Mahadev prasad | |
| | L,M,N | Engineering Mechanics | 4 | Mr. Kiran M U | |
| SAT | A,B,C,D | Basic Electronics Engineering | 4 | Mrs. Veda | 2-4 P.M. |
| | E,F,G | Mathematics-I | 4 | Mr. Dhanunjay Murthy | |
| | H,I,J,K | Mathematics-I | 4 | Mr. Sree Gourav | |
| | L,M,N | Engineering Mechanics | 4 | Mr. Kiran M U | |

| | L,M,N | Basic Electronics Engineering | 4 | Ms. Naina | |
| | A,B,C,D | Engineering Mechanics | 4 | Mr. Vinay M | |
| | E,F,G | Mathematics-I | 4 | Mr. Sree Gourav | |

PLAN OF ACTION:

| Activities | Project Months | | | | | |
|---|----------------|-----|-----|-------|-------|-------|
| | 1-3 | 4-6 | 7-9 | 10-12 | 13-15 | 16-18 |
| Identification of weaker students | | | | | | |
| Designing remedial measures | | | | | | |
| Communication skills Training | | | | | | |
| Organizing training for campus interviews | | | | | | |
| Special coaching/ Remedial Classes | | | | | | |
| Training to improve technical skills | | | | | | |

2.6 Provide an Action Plan for Strengthening of PG Programmes, if any and Starting of New PG Programmes

Strengthening of Existing PG programmes and Starting of New PG Programmes:

After close examination of institutional and departmental SWOT analysis and on identifying our strength and opportunities, the college is proposing to start one more new PG Programs along with strengthening of existing PG programs. In the academic session (2015-16), college is starting a new PG program in Renewable Energy.

The strengthening of PG Programs is planned to be carried out with following objectives and actions.

| Sl. no. | Objectives | Actions |
|---------|---|--|
| 1. | Starting up New PG Programs and strengthening the existing PG programs. | <ul style="list-style-type: none"> Identifying specilesed areas to start new PG programs and increasing intake of the exsisting program. Design of up to date academic curriculum. Preparing the project report and seeking aprovels from University/AICTE. Setting up new state of the art lab for the new program with required software. Appointing New Faculty with specialization in the |

| | | |
|----|--|--|
| | | <ul style="list-style-type: none"> • respective knowledge domain. |
| 2. | To strengthen the research activities through PG Programs. | <ul style="list-style-type: none"> • The library will be strengthened through subscriptions to more journals, procurements of latest reference books, development of digital library. • State of the art equipments and software's are procured to update the lab facility. • Initiating collaborative, research and development activities. • Enhancing Consultancy Services and Testing Services. • Commercialization of Innovative Student /Faculty Projects. • Attempts shall be made to obtain sponsored research projects in various departments ,so that live industrial problems can be offered to the students for their PG dissertation works. • Subscriptions of additional E-journals in different disciplines. |
| 3. | To increase in enrollment to the PG Programs. | <ul style="list-style-type: none"> • Fellowships will be offered to non-GATE students through projects fund. • Final year UG students of the institute will be encouraged to opt for Master's degree. |

Following are M.Tech programmes being offered /planned to offer at our institution:

| Department | Existing PG Programmes | Present Strength | Proposed Plan for increase in strength | Proposed new PG Programme | Proposed Strength |
|-------------------------------------|--|------------------|--|---------------------------|-------------------|
| Computer Science&Engg | M.Tech (Computer Science and Engineering) | 36 | - | | |
| Electronics& Communications& Engg | M.Tech (VLSI Design and Embedded System) | 18 | 24 | | |
| | M.Tech (Digital communication& Networking) | 18 | | | |
| Mechanical Engineering | M.Tech (Thermal Engineering) | 18 | | | |
| | M.Tech (Machine Design) | 24 | | | |
| Information Science&Engg | M.Tech (Computer Network Engineering) | 18 | | | |
| Civil Engineering | M.Tech (Structuaral Engineering) | 24 | | | |
| Electrical& Electronics Engineering | | | | M.Tech (Renewable Energy) | 24 |

New Programmes Proposed /started:

| Name of the Program | Level | Proposed Annual Intake | Proposed Year of Starting | AICTE Approval |
|---------------------|-------|------------------------|---------------------------|-------------------------|
| Renewable Energy | PG | 24 | 2015-16 | Got approval from AICTE |

Establishment of New Laboratories:

| Name of the program | Name of the lab/workshop | Purpose/ linkages to an existing/ new Programme | Indicate starting and completion time | |
|--------------------------|--------------------------|---|---------------------------------------|------------|
| | | | Starting | Completion |
| MTech – Renewable Energy | Energy Lab | New PG | July 2015 | Dec 2015 |

Additional Faculty Required:

| Department | Purpose | Designation | Numbers |
|--|----------------------|---------------------|---------|
| Electrical and Electronics Engineering | For new PG Programme | Associate Professor | 1 |
| | | Asst Professor | 1 |

PLAN OF ACTION:

| Activities | Project Months | | | | | |
|--|----------------|-----|-----|-------|-------|-------|
| | 1-3 | 4-6 | 7-9 | 10-12 | 13-15 | 16-18 |
| Obtaining AICTE approval | | | | | | |
| Starting up new PG Programs | | | | | | |
| Faculty appointment | | | | | | |
| Setting up new laboratory | | | | | | |
| R&D activity | | | | | | |
| Strengthening laboratories of existing PG Programs | | | | | | |

2.7 Attach the Summary of Training Needs Analysis Carried out. Also Provide Faculty Development Plan upto 31st October 2016 for Improving their Teaching, Subject Area and Research Competence based on Training Needs Analysis (TNA) in the Following Areas.

Objectives:

- i.) To identify the deficiencies in the existing set of skills, capabilities and knowledge of faculty/ staff.
- ii.) To find out the ways and means to upgrade the skills, capabilities and knowledge in order to overcome the deficiencies.
- iii.) To identify/ suggest possible training courses and institutions for providing training/ exposure on the identified areas/ subjects to realize excellence in technical education.

Nitte Meenakshi Institute of Technology adopted following steps/ procedure to arrive at the Institutional TNA.

Step 1: Following information is used while exercising individuals TNA:

- Institution's Strategic Development Plan.
- Institution's SWOT analysis.
- Previous years' Development/Training plans.
- Faculty /Staff feedback.
- Students' feedback.
- Information on previously attended training programmes.
- Alumni feedback.

Step 2: All faculty/staff have already submitted TNA proforma indicating their training needs along with their development objectives, to the HODs.

Step 3: HODs have consolidated TNA information provided by the faculty and added their own training need and come out with a developmental training need for the department in proforma viii. Thus structured proforma is further forwarded for Principal's approval.

Step 4: After careful review of the all departments /sections training /development needs along with his own training needs, Principal has consolidated it into an institutional training/ development need (proforma ix), keeping in view the institutions objectives/ priorities.

Step 5: BOG has approved institutional training/ development need (proforma ix), on recommendation of Principal.

The Analysis outcome: Based on the collective information received, it is concluded that following categories of training are absolutely essential in a phased manner:

1. Faculty:

- a. Short and long term FDPs in specific areas
- b. Computer programming skills.
- c. Use and Application of general statistical tools, like MATLAB, etc.
- d. Teaching methodology.
- e. Student management.
- f. Research methodology and technical paper writing.
- g. Budgeting and finance management.
- h. Preparation Research Proposal for funds .
- i. Leadership training for senior faculty.
- j. Stress and time management.
- k. Training in pedagogy.
- l. Additional training for SC/ST/OBC/Women/ for enhancing their capabilities and thus improving the inclusive growth of the institute.

2. Heads of the Department and Sections:

- a. Leadership training and team management
- b. Short and long term FDPs in specific areas
- c. Student management.
- d. Advances in higher education methodologies at national and international levels.
- e. Budgeting, finance and management.
- f. Stress and time management.
- g. Project Management and System integration.

3. Principal:

- a. Knowledge about Interdisciplinary technology trends
- b. Advances in higher education methodologies and management at National and International level
- c. Updates on higher education policy at State and National level
- d. National and International quality policies in higher education
- e. Technology management and Forecasting
- f. Collaborations with other National and International Universities.

4. Management:

- a. Over view of interdisciplinary technology trends

- b. Advances in higher education methodologies and management at national and international level
- c. Updates on higher education policy at state and national level.
- d. HR rules and regulations (State and National)
- e. Technology management and Forecasting
- f. Collaborations with other National and International Universities.

5. Supporting Staff:

- a. Technical skills up gradation.
- b. Higher qualifications where ever required in view of changing technology and to create career development avenues for them.
- c. Behavioral skills.
- d. Communication and language skills.
- e. Team spirit
- f. Stress management
- g. Time management
- h. Additional training for SC/ST/OBC/Women/ for enhancing their capabilities and thus improving the inclusive growth of the institute.

6. Administrative Staff:

- a. Computer Training.
- b. Accounting and use of Tally (software).
- c. Behavior/Attitude and Communication.
- d. Enterprise management system.
- e. Autonomous system rules and regulations.
- f. Additional training for SC/ST/OBC/Women/ for enhancing their capabilities and thus improving the inclusive growth of the institute.

Training to improve pedagogical skills of faculty for better student learning:

Pedagogical Training will be offered in 2 modules (i) Basic Module and (ii) Advanced Module, each of one week duration in batches. The modules will include both theory and hands on learning. The basic training would be given during the First and Second years of the Project while the advanced training would be provided from the Second Year onwards only to those who have completed the basic training.

Action Plan:

Basic Pedagogy:

As per the PIP, Pedagogy Training has to be organized by SPFU . Since SPFU has not organized the training , so Institute proposes to conduct pedogogy training as per the following schedule

| Batch no | Date | Participants | Areas of training | Institute | Duration |
|----------|---|--|-------------------|---|----------|
| 1 | 15 Jun 2015-20 June 2015 | Newly recruited faculty having less than 1 year of experience. | Basic pedagogy | NITTR Chennai/Resource Persons identified by the Institute/ SPFU/NPIU | 6 days |
| 2 | 20 July 2015-25 mar2015 | Faculty having less than 2 year of experience. | Basic pedagogy | NITTR Chennai/Resource Persons identified by the Institute/ SPFU/NPIU | 6 days |
| 3 | 3 Aug 2015-8 Aug 2015 | Faculty having less than 3 year of experience | Basic pedagogy | NITTR Chennai/Resource Persons identified by the Institute/ SPFU/NPIU | 6 days |
| 4 | 21 st Dec 2015-26 th Dec 2015 | Faculty having less than 4 year of experience | Basic pedagogy | NITTR Chennai/Resource Persons identified by the Institute/ SPFU/NPIU | 6 days |
| 5 | 4 th Jan 2016-10 th Jan 2016 | Faculty having less than 5 year of experience | Basic pedagogy | NITTR Chennai/Resource Persons identified by the institute/ SPFU/NPIU | 6 days |

Advanced Pedagogy:

| Batch no | Date | Participants | Areas of training | Institute | Duration |
|----------|--|--|-------------------|---|----------|
| 1 | 11 Jan2016-16 Jan 2016 | Lecturers/senior Lecturer/ Asst.Prof/ Prof | advanced pedagogy | NITTR Chennai/Resource Persons identified by the Institute/ SPFU/NPIU | 6 days |
| 2 | 20 st Jun 2016-25 th Jun2016 | Lecturers/senior Lecturer/ Asst.Prof/ Prof | advanced pedagogy | NITTR Chennai/Resource Persons identified by the Institute/ SPFU/NPIU | 6 days |
| 3 | 27th Jun 2016-2 Jun 2016 | Lecturers/senior Lecturer/ Asst.Prof/ Prof | advanced pedagogy | NITTR Chennai/Resource Persons identified by the Institute/ SPFU/NPIU | 6 days |
| 4 | 4 th Jul 2016-9th Jul 2016 | Lecturers/senior Lecturer/ Asst.Prof/ Prof | advanced pedagogy | NITTR Chennai/Resource Persons identified by the Institute/ SPFU/NPIU | 6 days |

| | | | | | |
|---|---------------------------|--|----------------------|---|--------|
| 5 | 11 Jul2016- 16 Jul2016 | Lecturers/senior Lecturer/ Asst.Prof/ Prof | advanced pedagogy | NITTR Chennai/Resource Persons identified Institute/ SPFU/NPIU | 6 days |
|---|---------------------------|--|----------------------|---|--------|

Subject / Domain Knowledge Enhancement for Faculty.

Development Faculty in Subject Domain:

(Details of Technical staff training in their subject domain is given next section 2.8)

NMIT committed to train and develop the faculty in their Subject / domain for knowledge enhancement. After careful examination of training needs, we propose following training timetable with an ultimate objective of increased learning outcomes and employability of students through;

- Sound knowledge of the fundamentals / computational aids / numerical techniques and simulation.
- Ability to carry out the design process from problem definition to solution.
- Ability to gather information and solve interdisciplinary problems.
- Ability to visualize concepts and designs to represent them in pictorial form.
- Ability to find approximate solutions by making reasonable engineering assumptions when required.
- Enhancing collaborative R&D activity.
- A strong commitment to national development through the use of technology consistent.
- A high degree of self-confidence for decision-making
- An ability to work individually and as part of a team.
- Effective oral and written communication skills.

The proposed training program will be organized at the college level where faculty from various departments will participate in the training program:

Computer Science & Engineering:

| Areas of training | Name of the Faculty | Duration & Tentative Date | Trainer/Organization |
|--|--|---------------------------|--|
| Networking Technologies & Simulation using NS3 | Mr. Mohan B A Ms. Anju Ms. Ramya S Mr.Nagaraj | 5 days, Jan 2016 | Institute will identify Speakers from Reputed R&D Organizations/ Industries/Academic |

| | | | |
|---|---|----------------------|---|
| (FDP) | Mr. Afroz Pasha Ms. Chaithra H V Mr. N. Sreenivasa Ms. Chaitra K Mrs. Vijaya Shetty Ms. Prathibha Ballal Ms. Kavitha Sooda Ms. Archana Naik Ms.Sujatha Joshi Ms.Nirmala Ms.Sushma And other Departments staffs | | Institutions |
| Advanced in Virtualization and Visualization techniques | Mr. Mohan B A Ms. Anju Ms. Ramya S Mr.Nagaraj Mr. Afroz Pasha Ms. Chaithra H V Mr. N. Sreenivasa Ms. Chaitra K Mrs. Vijaya Shetty Ms. Prathibha Ballal Ms. Kavitha Sooda Ms. Archana Naik Ms.Sujatha Joshi Ms.Nirmala Ms.Sushma And other Departments staffs | 5 days, June 2016 | Institute will identify Speakers from Reputed R&D Organizations/ Industries/Academic Institutions |

Information Science & Engineering:

| Areas of training | Name of the Faculty | Duration & Tentative Date | Trainer/Organization |
|------------------------------------|--|----------------------------|---|
| Advances in Hybrid Computing | Dr. Sanjay H A Dr. Prasanta Gogoi Mr. D.B.Srinivas Mr. Karunakar Rai Mr. K. Aditya Shastry Ms. Vidyadevi Biradar Ms. Ashwini J P Mr. Chandrashekhar.B.N Ms. Lakshmi.M Ms. Bini Y Baby Ms. Kshema Raphael Mr. Manjunath.B.A Mr. Rohit.H.P Ms. Lakshmi.H Ms. Deepika K M Ms. Yashaswini H M Mr. Preetham N Ms. Roopa R Mr. Salvi Sanket And other Department staffs | 5 Days, June- July 2016 | Institute will identify Speakers from Reputed R&D Organizations/ Industries/Academic Institutions |

Mechanical Engineering:

| Areas of training | Name of the Faculty | Duration & Tentative Date | Trainer/Organization |
|--|--|---|---|
| Advances in automotive Engg. | Mechanical& Aeronautical Department Faculty | 05 days, 23 rd to 27 th , June2015 | IIM, UVCE B'1 , NITK Surathkal |
| Gas Turbine Blade Cooling Techniques | Mechanical Department Faculty | 05 days, 7 th to 11 th ,July 2015 | GTRC Bangalore, IISc Bangalore & NMIT Bangalore |
| Wear and Wear Mechanism | Mechanical Department Faculty | 05 days, 16 th to 20 th , August 2015 | PESIT Bangalore, NMIT Bangalore |

Electrical & Electronics Engineering:

| Areas of training | Name of the Faculty | Duration & Tentative Date | Trainer/Organization |
|---|----------------------------|--------------------------------------|-----------------------------|
| Advanced Training on PSCAD Power systems and Renewable energy – design, modeling and simulation using PSIM | EEE Faculty | One week, March 2016 | Nayak Power Systems |
| Hands on training on Power electronics, Power systems and Renewable energy – design, modeling and simulation using PSIM | EEE Faculty | 5 days, July 2015 | Trident Tech labs |

Civil Engineering:

| Areas of training | Name of the Faculty | Duration & Tentative Date | Trainer/Organization |
|--|----------------------------|--------------------------------------|---|
| Two days workshop on “remote sensing and GIS application in civil engineering” | Civil faculty | 2 days, Feb 2016 | SIT, Tumkur, UVCE Bangalore, CGWB Bangalore |
| Highway and transportation workshop | Civil faculty | June 2015 | Institute will identify Speakers from Reputed R&D Organizations/ Industries/Academic Institutions |

Aeronautical Engineering:

| Areas of training | Name of the Faculty | Duration & Tentative Date | Trainer/Organization |
|---|--|--------------------------------------|--|
| ANSYS/FLUENT HYPERMESH ABACUS MATLAB | Aeronautical & Mechanical Faculty | July 2015 | Institute will identify Speakers from Reputed R&D Organizations/ Industries/Academic Institutions - |

The proposed training program will be organized at the college level where supporting staff from various departments will participate in the training program:

| Areas of training | Name of the Faculty | Duration & Tentative Date | Trainer/Organization |
|---------------------------------------|----------------------------|--------------------------------------|--|
| Field Technician Networking & Storage | Support staff members | 1 week, Jan 2016 | To be arranged in association with Premier Institute |

| | | | |
|--|-----------------------|-----------------------|--|
| PC Trouble shooting | Support staff members | 3 Days, June 2015 | To be arranged in association with Premier Institute |
| Soft and Communications Skills development | Support staff members | 10 days, October 2015 | To be arranged in association with Premier Institute |
| Computer Communication and Networking | Support staff members | 10 days | To be arranged in association with Premier Institute |
| FPGA/MATLAB | Support staff members | 1 Weeks, May 2016 | MSRSAS |
| PCB design MSP-430 | Support staff members | 1 weeks, May 2015 | Live wire Bangalore |
| Cadence tool/NS2 | Support staff members | 1 weeks, July 2016 | Entuple Technologies |
| Hardware & Networking | Support staff members | 1 weeks, Aug 2015 | NIIT, Bangalore |
| COMSOL | Support staff members | 1 weeks, Sept 2015 | COMSOL-Multipysics |

Department Specific development plan & TNA:

Department of Computer Science and Engineering

In order to achieve excellence in academic and R &D outcomes, the department of Computer Science and Engineering requires the high quality of faculty, the good infrastructural facility, high band width internet connectivity, and availability of knowledge resources. With this in mind and keeping in view of the departmental and institutional visions and based on the SWOT analysis. The department identified the key departmental activities need to improve the department as a centre for excellence in imparting quality education in Computer Science and Engineering, generating competent and skilled man power with an ultimate objective of facing the global challenges.

TNA has been arrived after preparing a SWOT analysis of the Dept by interacting with all the stake holders.

Objectives:

- NMIT has become academically autonomous since 2007. This conferment has enabled the Institution to frame its own curriculum keeping in mind, the industry readiness of students passing out of the institution. The curriculum is framed involving all faculty of the college with active participation from members of the industry and premier institutions like IISc. Emphasis is on fundamentals, applications and advances in the field of specialization. Curriculum being employed at present is considered to be the best and has been appreciated by all stake holders.
- Flexibility is being introduced to introduce any subject of importance based on the market driven needs and need for exposure.
- Summer schools are being conducted in emerging areas with additional credits for students undergoing the course.
- Placement related training is conducted for final year students on an ongoing basis at regular intervals.
- Institution has also adopted a policy to introduce soft skill based courses for the benefit of students with appropriate credit weightage to ensure overall personality development.
- Conducting courses in programming languages, development tools and recent advances in Information Processing not in the curriculum.

- All these aspects require empowerment of faculty and need training to raise their confidence to teach course effectively and confidently.
- In order to make teaching learning process effective there is also need to offer training on pedagogy and soft skills to faculty members.
- Taking all these objectives into consideration, detailed TNA has been carried out and also an effort has been made to arrive at training needs.

Need for Training:

The curriculum offered to our students is planned to streamline the areas of specialization (core subjects) in the following streams

- Programming/application development
- Project management
- Help desk/technical support
- Security/compliance governance
- Web development
- Database administration
- Business intelligence/analytics
- Mobile applications and device management
- Networking
- Big Data

Training Plan (CSE PG)

| Sl. No | Title of Program | Resource Person | Approximate period |
|--------|---|------------------------------|---|
| 1 | Program on Image and Video processing - I | Dr.Jharna Majumdar and Team | Apr-16 th -17 th ,2015 |
| 2 | Program on Image and Video processing - II | Dr.Jharna Majumdar and Team | Aug 20 th – 21 st 2015 |
| 3 | Embedded Boards for Robot Control –I | Dr. Jharna Majumdar and Team | Sep 15 th -16 th ,2015 |
| 4 | Embedded Boards for Robot Control –II | Dr.JharnaMajumdar and Team | Nov 20 th -21 st ,2015 |
| 5 | Design, Analysis and Kinematics of Mobile Robots –I | Dr.JharnaMajumdar and Team | Jan 16 th -17 th ,2015 |
| 6 | Design, Analysis and Kinematics of Mobile Robots – II | Dr.JharnaMajumdar and Team | Mar 20 th - 21 st ,2016 |
| 7 | Hands-on workshop on Data Mining and Web Technologies | Dr.JharnaMajumdar and Team | May 20 th -21 st ,2016 |

| Sl No | Name of faculty Member | Title of Program | Approximate period | Trainer Organization and Venue |
|-------|--|--|--------------------|---|
| 1 | Mr. Santhosh Kumar K L Ms. ShilpaAnkalaki | Teaching Effectiveness: Nurturing and Well-being | May 1-2, 2015 | IIT Hyderabad |
| 2 | Mr. Santhosh Kumar K L Mr. Minraj Nepali | Programs on Embedded Processors like Advanced ARM board series | Jun – Aug,2015 | Rhydo Technologies Pvt. Ltd. Cochin, Kerala |
| 3 | Mr. Kiran S | Advanced Course on | Sep-Oct 2015 | IISc, Bangalore |

| | | | | |
|---|--|---|----------------|-----------------------------------|
| | Mr. Adithya H P Dubey | Computer Vision and Machine Learning | | |
| 4 | Mrs. SudhaKamaraju Ms. ShilpaAnkalaki | Real-Time Applications of Big Data | Jun-Aug2015 | KyanthiTechnologies, Hyderabad |
| 5 | Mrs. SudhaKamaraju | Mobile Communication and Sensor Networks | May – Jun 2016 | IIT, Hyderabad |
| 6 | Mr. Prashanth N Mr. Minraj Nepali | Kinematics and Dynamic Analysis of Robots | Mar- Apr 2016 | IIT, Delhi |

➤ **Short term (upto three months) training/development plan for Support staff**

| Area of Training/development | Name of the faculty | Duration (Days) | Tentative date of training/development programme | Trainer Organization |
|---|----------------------------|------------------------|---|---|
| Field Technician Networking & Storage | Support staff members | 1 month | Jan 2016 | To be arranged in association Premier Institute |
| PC Trouble shooting | Support staff members | 10 days | June 2015 | To be arranged in association Premier Institute |
| Soft and Communication s Skills development | Support staff members | 10 days | October 2015 | To be arranged in association Premier Institute |

Department of Information Science & Engineering

TNA has been arrived after preparing a SWOT analysis of the Dept by interacting with all the stake holders.

Objectives:

- NMIT has become academically autonomous since 2007. This conferment has enabled the Institution to frame its own curriculum keeping in mind, the industry readiness of students passing out of the institution. The curriculum is framed involving all faculty of the college with active participation from members of the industry and premier institutions like IISc. Emphasis is on fundamentals, applications and advances in the field of specialization. Curriculum being employed at present is considered to be the best and has been appreciated by all stake holders.
- Flexibility is being introduced to introduce any subject of importance based on the market driven needs and need for exposure.
- Summer schools are being conducted in emerging areas with additional credits for students undergoing the course.
- Placement related training is conducted for final year students on an ongoing basis at regular intervals.
- Institution has also adopted a policy to introduce soft skill based courses for the benefit of students with appropriate credit weightage to ensure overall personality development.
- Conducting courses in programming languages, development tools and recent advances in Information Processing not in the curriculum.
- All these aspects require empowerment of faculty and need training to raise their confidence to teach course effectively and confidently.
- In order to make teaching learning process effective there is also need to offer training on pedagogy and soft skills to faculty members.
- Taking all these objectives into consideration, detailed TNA has been carried out and also an effort has been made to arrive at training needs.

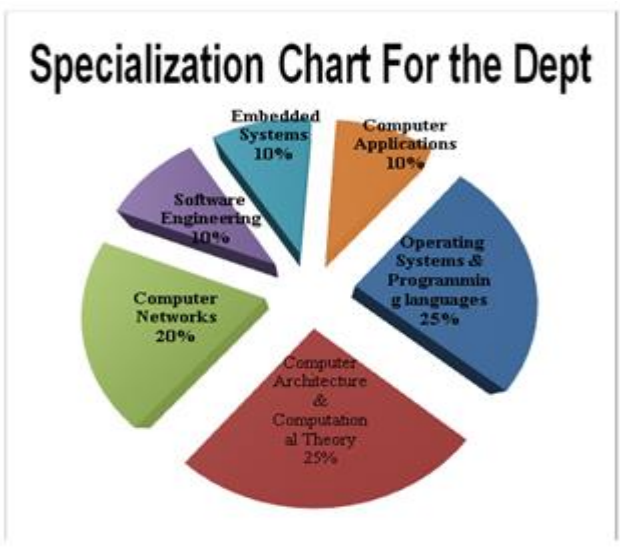

Need for Training:

The curriculum offered to our students is planned to streamline the areas of specialization (core subjects) in the following streams

- Programming/application development
- Project management
- Help desk/technical support
- Security/compliance governance
- Web development
- Database administration
- Business intelligence/analytics
- Mobile applications and device management
- Networking
- Big Data

Earlier Gap Analysis(2011-14)

| Subject | Specialization required |
|--|-------------------------|
| Operating Systems & Programming languages | 25 |
| Computer Architecture & Computational Theory | 25 |
| Computer Networks | 20 |
| Software Engineering | 10 |
| Computer Applications | 10 |
| Embedded Systems | 10 |

Bridge Of Gap Analysis

| Subject | Mapping of specialization |
|---|---------------------------|
| Operating Systems & Programming languages | 50 |
| Computer Applications | 20 |
| Software Engineering | 10 |
| Computer Applications | 10 |
| VLSI & Embedded Systems | 10 |

Gap analysis is done to improve employability and learning outcomes of Students

| Area | Mapping of specialization | |
|-------------------------------------|---------------------------|---|
| Multidisciplinary based courses | 10 | <p>Gap Analysis</p> <ul style="list-style-type: none"> Multi disciplinary based courses: 10% Networks: 25% Data Mining: 25% Computer Graphics: 20% Computations And Architecture: 20% |
| Data Networks based courses | 25 | |
| Data Mining based courses | 25 | |
| Computer Graphics and visualization | 20 | |
| Computations and Architecture | 20 | |

Training Plan

| Sl.No | Name of faculty Member | Workshop/conference | Date | Place |
|-------|---------------------------------------|---|---------|---|
| 1. | Dr. Sanjay H A | Hybrid Computing | 6 Days | CDAC/ Reputed Industry |
| 2. | Dr. Prasanta Gogoi | Academic Leadership | 6 Days | IIM, Bangalore |
| 3. | Mr. Aditya Shastry | Predictive Analytics | 15 days | Analytics Training Institute, Bangalore |
| 4. | Mr. Aditya Shastry | Data Mining | 20 days | IISc, Bangalore |
| 5. | Mr.Sanket Salvi | Arduino Platform | 3 Days | Roboversity |
| 6. | Mr.Sanket Salvi | Rasberry Pi Platform | 3 Days | Roboversity |
| 7. | Mr.Sanket Salvi | Hadoop | 3 Days | IIHT |
| 8. | Mr. Manjunatha B A | Network security and penetration testing | 10 days | Institute of Information security |
| 9. | Mr. Manjunatha B A | Digital Forensics | 10days | Institute of Information security |
| 10. | Mr. Manjunatha B A Ms. Deepika K M | Network Security | 15 days | IISc bangalore |
| 11. | Mr. Rohith H P | NLP | 10 days | Institute of Information security |
| 12. | Mr. Rohith H P | Text Normalization | 10days | Institute of Information security |
| 13. | Mr. Rohith H P | Speech Synthesis | 15 days | IISc Bangalore |
| 14. | Mr. Sreenivas D B | Hadoop training | 8 weeks | Cloud era |
| 15. | Ms. Roopa R | In Data Mining about Weka Tool, how to build any general pridiction model | 20 days | IISC , NIIT Richmond town, Bangalore |

Department of Electronics & Communication Engineering

Objectives:

Electronics and Communication technologies are advancing rapidly and are bound to be huge demand for competent engineers in electronic industry to cope this demand in technology. The engineers would be involved in sustaining cutting edge technology to stay ahead in competition. Educational institutions need to adopt these new technologies in order to impart up-to-date skills and knowledge. For this purpose the department is adopting a multi-pronged strategy

- Outcome based academic program being adopted
- Continuous interaction with the industry through seminars, workshops, projects, industry visits, sabbaticals etc
- Continuous training programs to the faculty in subjects and technologies. so that they can impart state of the art knowledge and skills to the students for building their career
- Strengthening the R&D centers for quality, innovative research at national and global level

TNA has been arrived after preparing a SWOT analysis of the Dept by interacting with all the stake holders.

This document describes Training Analysis in Department of ECE at NMIT. It identifies the training needs of the faculty to take up challenges of imparting high-quality, state-of-the-art education in the chosen areas.

Training Gap Analysis

SWOT analysis of the department is the input for making Skill gap estimation and being performed for all the focused areas. The skill gap was estimated by comparing existing knowledge and experience referring to other neighboring colleges, present industry needs. It includes industry standard tool proficiency, technology, domain expertise. Skill gap is divided into three categories with weights as per the priority:

- Theoretical Knowledge – (Weight : 50%)
- Design Knowledge – (Weight : 25%)
- Tools Knowledge – (Weight : 25%)

| Focus Area | Theoretical Knowledge (Weight : 50%) % | Design Knowledge (Weight : 25%) % | Tools Knowledge (Weight : 25%) % | Domain Skill Knowledge | Skill gap |
|---|--|-----------------------------------|----------------------------------|------------------------|------------|
| Digital and Analog VLSI | 10 | 15 | 15 | 40% | 60% |
| MEMS | 15 | 15 | 10 | 40% | 60% |
| Embedded Systems | 35 | 15 | 15 | 65% | 25% |
| Wireless and Satellite Communications | 15 | 15 | 10 | 40% | 60% |
| Robotics | 5% | 0 | 0 | 05% | 95% |
| Fault tolerant | 10 | 15 | 15 | 40% | 60% |
| Signal Processing and Image Processing | 30 | 10 | 15 | 55% | 45% |
| Networking and Wireless Sensor Networks | 25 | 10 | 15 | 30% | 70% |

Short term Training required to the faculty:

At NMIT we envisage that the skill gap removal requires dedicated training sessions as well as follow-up activity to reinforce the training. Following table summarizes the training needs of the faculty of Department of ECE, NMIT – it indicates the areas of training and the number of faculty requiring the training and the organization that could provide the training.

Faculty development Programme plan-at other Organization:

| SI. No . | Name | Designation | Training Needs | Institution Providing Training | Date of Training | Duration |
|----------|-------------------------------|-----------------------|---|--------------------------------|------------------|----------|
| 1 | Dr. H.C.Nagaraj | Professor & Principal | Finance Management, HR Management | TAPMI | May 2015 | 2 weeks |
| 2 | Dr. Sandya S | Professor & HoD | HR Management | TAPMI | May 2015 | 2 weeks |
| 3 | Dr.HariBhat | Professor | Advanced Reception techniques in Multipath channels | IIT-Madras | May 2015 | 2 weeks |
| 4 | MsManjula B.M. | Assoc. Prof | MATLAB SIMULINK | MSRSA S | May 2015 | 1 month |
| 5 | Mr. Shashidhara K.S. | Asst. Prof | ASIC Design System Verilog | MSRSA S | July 2015 | 1 month |
| 6 | Ms. MadhuPatil | Assoc. Prof | Cadence | MSRSA S | Oct 2015 | 1 month |
| 7 | Ms. Veda Sandeep N. | Assoc. Prof | ASIC Design | MSRSA S | July 2015 | 15 days |
| 8 | Mr. PrasannaPaga | Assoc. Prof | WCDMA | IISc | July 2015 | 1 month |
| 9 | Ms. RekhaPhadke | Asst. Prof | Biomedical Signal Processing | IISc | Apr 2016 | 3 weeks |
| 10 | Ms. Pramodini Ms. Ayesha B | Asst. Prof | WCDMA | IISc | Apr 2016 | 3 weeks |
| 11 | Ms. NainaKarkal | Asst. Prof | PCB design | Live wire | May 2016 | 2 weeks |
| 12 | Ms. KushalathaM R | Asst. Prof | MATLAB SIMULINK | MSRSA S | May 2016 | 3 weeks |
| 13 | Ms.Shylaja | Asst. Prof | Gcc Compiler and Embedded Systems design | Sandeepani | Apr 2016 | 2 week |
| 14 | Mr.Rudresh | Asst. Prof | MEMS | IISc | June 2016 | 15days |
| 15 | Ms.DeebaLakshmi | Asst. Prof | ARM Processor | MSRSA S | July 2016 | 3 weeks |
| 16 | Ms. Ashitha Ms.Devika | Asst. Prof | Cadence & NS2 | Entuple | July 2016 | 1 month |
| 17 | Ms.Latha Kumari Ms.Divya | Asst. Prof | MATLAB SIMULINK | MSRSA S | July 2016 | 3 weeks |
| 18 | Ms.Raji Ms.Binu Singh | Asst. Prof | WCDMA | IISc | Apr 2016 | 2weeks |

In addition it is also important for the faculty to have good pedagogical skills and soft skills, both from the point of view of better teaching and for imparting the same to students which will help in students integrating with industry in a better way.

Pedagogical Skills:

- Teaching-learning styles
- Personality, interests and motivation
- Behavior analysis and Professionalism
- Vibrant and Innovative teaching
- Use of Technology in teaching
- Syllabus development, lesson plans, assessment questions

Soft Skills:

- Effective Communication Skills
- Teamwork and Management
- Interpersonal Skills
- Behavioral Traits – attitude, motivation
- Time Management
- Leadership Development

Faculty development Programme plan at NMIT:

| Area of Training/development | Name of the faculty | Duration (Days) | Tentative date of training/development programme | Trainer organization |
|--|---|-----------------|--|---------------------------------|
| IEEE E- blended learning course | Sowmya M Varsha Sowmya J Girish Veda Chaithra Raji Shylaja Naina R K Manjula Madhu | 5 Days | June- July 2015 | To be arranged at college level |
| Basic Pedagogical Training & Soft skill training | MahaviraSwamy Bhuvaneshwari Ashitha Chaithra Raji Deebalakshmi Rudresh Girish Sowmya J LathaKumari | 5 Days | Dec 2015 | To be arranged at college level |

| | | | | |
|---|--|--------|-----------|------------------------------------|
| | Devika Pramodhini | | | |
| Workshop on ArmProcessor | Shankar Sreenivassappa Sowmya M Girish Seema Divya Varsha | 5 Days | Jan 2016 | To be arranged at college level |
| Work Shop on Signal Processing using MATLAB | Manjula Madhu Rekha P Rajesh Shashidhar PavanAyesha Pramodhini Binu Singh Kushalatha | 5 Days | June 2016 | To be arranged at college level |
| Workshop on SDR technology | Dr.S.Sandya Dr Hari Bhat Sankar Dasiga Sreenivassappa Sowmya M Naina Karkal Girish Seema Divya Varsha | 5 days | July 2016 | To be arranged at college level |

Long term Training required to the faculty:

| SL.No | Name of suitable faculty | Area of training | Duration | Date of training | Trainer organization |
|-------|-----------------------------|---|-----------|---------------------|-------------------------|
| 1 | Ms. Manjula B M | Proficiency course at IISC on Research Methodology | 06 months | Apr- Sept,2015 | IIScProficiency |
| 2 | Ms. Sowmya M | Proficiency course at IISC on Fault tolerant | 06 months | April 2015 | IIScProficiency |
| 3 | Ms. Bhuvaneshwari | Proficiency course at IISc on Radar Engg. | 06 months | July – Dec 2016 | IISc |
| 4 | Ms. Pramodhini | Proficiency course on Optical Communication | 6 months | July– Dec,2016 | IISc |

Training Gap Removal Strategy – Follow-up activity:

Training Gap removal requires careful planning. The gap cannot be removed by just training sessions alone. The training needs to be followed by some activity that will reinforce the training. For this ECE department will be launching follow-up activity for each of the focus areas so that the skills are reinforced.

Follow-up activity is as follows:

| Focus Area | Followup Activity after Training |
|--|---|
| Digital and Analog VLSI | Community chip development. |
| Embedded Systems, Mobile Platform, Sensor Networks | Multi video processing on embedded platform |
| Signal Processing, Image Processing and Robotics | <ul style="list-style-type: none"> • Biomedical signal Processing • Hyper spectral & Multi spectral image processing |
| Fault tolerant | Design of Fault tolerant models for PLL in satellite communication, Mobile & Biomedical applications. |
| MEMS | <ul style="list-style-type: none"> • Design, implement mems based microphone • Conditional monitoring using mems accelerometer. |
| Wireless and Satellite Communications | <ul style="list-style-type: none"> • Design and implement 2.4Ghz, 900 Ghz trans receiver . • Design antenna for 2.4Ghz, 900 and 60 Ghz. • Studsat – NMIT's student satellite program • SDR technology |

Improvements in faculty qualifications:

Faculty Qualification Upgrade Roadmap:

Faculty of the Dept will be encouraged and supported in obtaining higher qualification. At present department has 6 Ph.D's and 33 M.Tech qualified faculty members. Following Table shows the plan for Faculty Qualification upgrade.

Existing PH.D Registrations:

| Name | Dept | Designation | Registered under University |
|------------------|-------------|--------------------|------------------------------------|
| SowmyaMadhavan | ECE | Asst Professor | VTU |
| Shashidhara K.S. | ECE | Asst Professor | VTU |
| MsVarsha Prasad | ECE | Asst Professor | VTU |
| Mr Rajesh N | ECE | Assoc Professor | VTU |
| Ms Veda S.N | ECE | Assoc Professor | University of Mysore |
| MsMadhuPatil | ECE | Assoc Professor | University of Mysore |
| MsManjula B M | ECE | Assoc Professor | University of Mysore |
| MsRekhaPhadke | ECE | Asst Professor | University of Mysore |
| Mr.PrasannaPaga | ECE | Assoc Professor | University of Mysore |
| Mr.Girish | ECE | Asst.Professor | University of Mysore |
| Ms.Binu Singh | ECE | Asst.Professor | VTU |

Proposed Ph.D Registrations:

| Name | DEPT | Designation | University |
|------------------|-------------|--------------------|----------------------|
| MrSankarDasiga | ECE | Professor | VTU |
| MsNainaKarkal | ECE | Asst Professor | University of Mysore |
| Ms.Bhuvaneshwari | ECE | Asst Professor | University of Mysore |
| MsSeema S | ECE | Asst Professor | VTU |
| Ms Ayesha B | ECE | Asst Professor | University of Mysore |
| Ms.Pramodini | ECE | Asst Professor | University of Mysore |

Short term (upto three months) training/development plan for Support staff

| Sl. No | Name of staff member | Areas of training/development | Duration (Days) | (tentative) Date | Trainer Organization |
|---------------|-----------------------------|---|------------------------|-------------------------|-----------------------------|
| 1 | Ms.AshaKumari | FPGA/MATLAB | 3 weeks | May 2015 | MSRSAS |
| 2 | Mr.Sandeep Kumar | PCB design MSP-430 | 2 weeks | May 2015 | Live wire Bangalore |
| 3 | Ms.Laxmi | FPGA/MATLAB | 3 weeks | Aug 2016 | MSRSAS |
| 4 | Ms.Sumitra | Cadence tool/NS2 | 2 weeks | May 2016 | Entuple |
| 5 | Ms.Benedict | Cadence tool/NS2 | 2 weeks | May 2016 | Entuple |
| 6 | Mr.Sreesaila | PCB design/MSP-430 Hardware & Networking | 2 weeks | May 2016 | Live wire Bangalore |
| 7 | Mr.Chandrashekar | MATLAB | 2 weeks | May 2015 | MSRSAS |
| 8 | Mr.Honnappa B | Hardware & Networking | 3 weeks | Aug 2015 | NIIT, Bangalore |
| 9 | Mr.Sachin | Cadence tool | 2 weeks | Sept 2015 | Entuple |
| 10 | Mr.Veeresh | COMSOL | 3 weeks | Sept 2015 | COMSOL- Multipysics |
| 11 | Mr.Dilip | PCB design/MATLAB | 2 weeks | Aug 2015 | MSRSAS |

Mechanical Departmental Development Proposal

The Department of Mechanical Engineering has high quality faculty, good infrastructural facility and availability of knowledge resources. In addition to this, a good learning environment, and constant promotion of innovation and creativity are also required. Keeping in view of the departmental vision and from the SWOT analysis, we propose the following key activities to build the Department as a center for excellence in imparting quality education, generating competent and skilled man power with an ultimate objective of facing the global challenges enabling substantial improvement in the learning outcomes and employability of graduates.

TNA has been arrived after preparing a SWOT analysis of the Dept by interacting with all the stake holders.

Objectives:

- Nitte Meenakshi Institute of Technology has become academically autonomous since 2007. This conferment has enabled the institution to frame its own curriculum activities involving all faculty of the college, experts from renowned industries and reputed R & D Organizations. All efforts are being made to provide required emphasis for fundamentals, application and advances in the latest technology. The Present curriculum being employed is considered to be the best and has been appreciated by all stake holders.
- Flexibility is being introduced to introduce any subject of importance based on the market driven needs. Many Reputed industries like INFOSYS, etc have come forward to offer electives to our students.
- Our Institution has also adopted a policy to introduce soft skill based courses for the benefit of students to improve their quality of understanding technical concepts and to empower them to face the present technical era of the world.
- All these aspects require the effective and confident teaching faculty to teach the courses.
- In order to make the teaching –learning process effective there is a need for the training on pedagogy and soft skills to all our faculty members.
- In the view of the above objectives the detailed training need analysis has been carried –out and also an effort has been made to arrive at training calendar for the department without affecting the regular teaching.

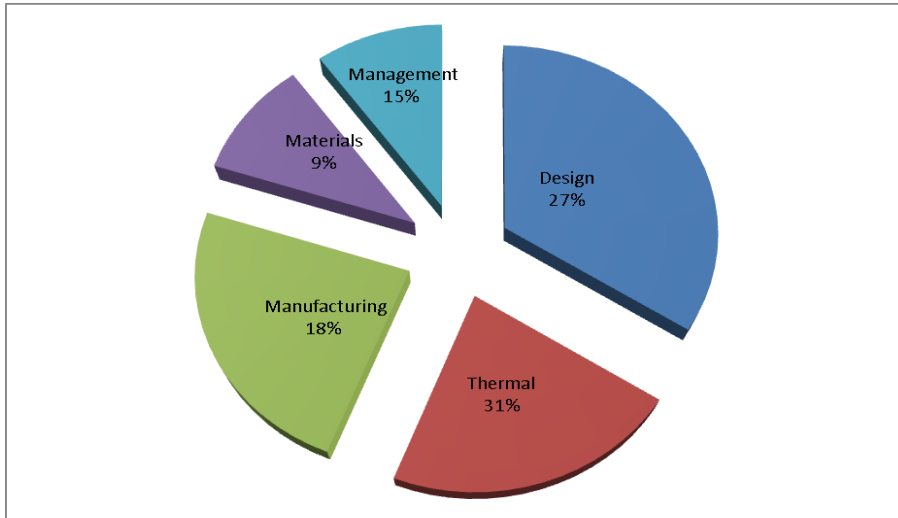

Need for Training :

The curriculum offered to our students is planned to streamline the areas of specialization in the following streams

- Design - 36%

- Thermal – 23%
- Manufacturing – 11%
- Materials – 11%
- Management – 19%

The following is the specialization chart for the department:

Gap Analysis :

Based on the qualification and expertise of faculty of Mechanical Department, following is the mapping of specialization to expertise of faculty:

This mapping infers the following :

- More number of faculty to teach Design, Manufacturing related courses
- Need for more expertise in GAP
 - Advanced Materials Technology - 2%
 - Inter Disciplinary Subjects -4%
 - Design -9%

Training Need Analysis:

Hence department proposes to conduct the training in the following areas:

- ✓ Training on CFD, Thermodynamics, Aerodynamics
- ✓ Advanced Materials Technology [Nano, Smart.]
- ✓ Inter Disciplinary Subjects (Aerospace, MEMS and Robotics).
- ✓ Manufacturing [tool design]
- ✓ Design [product design]
- ✓ CIM and Automation
- ✓ Engineering Management

Staff members have been identified based on their potential to get expertise on the areas of specialization

Also following are the other areas of general interest where training needs have been identified.

Pedagogical Skills:

- Teaching – learning Styles
- Personality, interests and motivation
- Behavior analysis and Professionalism
- Analytical Skills
- Vibrant and Innovative teaching
- Use of Technology in teaching
- Syllabus development, lesson plans, assessment questions etc.....

Soft Skills:

- Effective communication Skills
- Team work and Management
- Strong interpersonal Skills
- Behavioral traits as altitude, motivations and management Managerial and Leadership training.

Training Plan:

| SI No | Names of faculty | Areas of training/development | Duration (Days/Months) | Convenient (tentative)dates | Trainer Organizations |
|-------|-----------------------|--|--|---|---|
| 1. | Dr. P B Shetty | Stress management Senior leadership training Introduction to Numerical grid generation & fluid flow computation | 5 Days 5 Days 3 Months | Sep 2015 Oct 2015 Aug 2015 | IIM Bangalore IIM Bangalore IISC Bangalore |
| 2. | Dr. Kiran Aithal S | ANSYS FLUENT / CFX MAT LAB CAE | 10 Days 03 Days 25 Days | June-July 2015 Dec 2015 June-July 2016 | INNOVENT, B'LORE MATH WORKS, B'LORE |

| Vinay M | Civil | Assistant Professor | VTU |

Department of Electrical and Electronics Engineering

The department of Electrical and Electronics Engineering was started in the year 2001 with a sanctioned intake of 60 students. The major thrust in this course is related to the basic principles and detailed analysis of different types of equipment and systems for generation transmission, distribution and utilization of electrical energy. The course also covers the study of electronic devices and circuits involved in measurement, instrumentation, control and protection of electrical equipments and conversion systems.

Concepts of Computer and recent applications of computer based systems in design, analysis and efficient operation of power system maintaining quality and security also included in the course. The faculty always strives for imparting better knowledge to the students, works as a team in all the department activities and never compromise on quality and standard of teaching.

The Laboratories are well equipped not only to cater to the needs of carrying out experiments in various subjects but also to carry out research work. The department has also received 10 lakhs from AICTE, New Delhi under 'MODROBS' scheme for modernization of Power Electronics Laboratory. The department regularly organizes industrial visits, Technical lectures by experts from industries and institutes in contemporary areas to bridge the gap between syllabi and current developments.

TNA has been arrived after preparing a SWOT analysis of the Dept by interacting with all the stake holders.

Training Plan:

| SL. NO | NAME OF THE FACULTY | Designation | TRAINING AREA | ORGANIZATION | DURATION | PERIOD |
|--------|---------------------|-------------|---|---------------------|----------|------------|
| 1 | Dr.H.M. RAVIKUMAR | Prof & HOD | Advanced Training on PSCAD Power systems and Renewable energy – design, modeling and simulation using PSIM | Nayak Power Systems | One week | MARCH 2016 |
| 2 | Dr.V. KRISHNAN | Professor | Software tools for machine design | CPRI | 07 DAYS | DEC, 2015 |

| | | | | | | |
|----|------------------------------|------------------------|--|--|------------|---------------------------------------|
| 3 | Mrs.VASUDH A HEGDE | Associate Professor | MEMS systems, Sensor networks | PRDC, SYSCON | 30 days | Dec,20 15 |
| 4 | Mrs.VEENA | Asst Professor | Nano materials and MEMS systems | CeNSE, IISc,Bangalore | 15 | 18-29th May,20 15 |
| 5 | Mrs.B.S. ARUNAPRAB HA | Asst Professor | Hands on training on Power electronics, Power systems and Renewable energy – design, modeling and simulation using PSIM | Trident Tech labs | 5 days | July 2015 |
| 6 | Mrs. SRIDEVI.H.R. | Asst Professor | Hands on training on Power electronics, Power systems and Renewable energy – design, modeling and simulation using PSIM | Trident Tech labs | 5 days | July 2015 |
| 7 | Mrs. SUJATHA S | Asst Professor | Simulink for system algorithm model | MathWorks India Private Limited Prestige Technology Park II, Marathahalli Bangalore | 1 Week | 16- 17April |
| | | | MATLAB Fundamentals | | | 13-15 April |
| 8 | Mr.V.M. PARTHASARA THY | Asst Professor | VHDL DESIGN | NTTF electronics, Bangalore | 30 DAYS | July,20 15 |
| | | | ADVANCED MATLAB | | | D-space technologies, Bangalore |
| 9 | Mr. Ch. V. RAMESH | Asst Professor | Sensor Network applications | SRS Software Solutions | 30 Days | Dec,20 15 |
| 10 | Ms. SIRIDEVI | Asst Professor | Signal processing with MAT Lab | MathWorks India Private Limited | 1week | Dec,20 15 |
| 11 | Mrs. SOWMYA RAMAN | Asst Professor | Optimization techniques in MAT Lab | MathWorks India Private Limited | 1week | July,20 15 |
| 12 | Mr. SATHISH HEGDE | Asst Professor | Optimization techniques in MAT Lab | MathWorks India Private Limited | 1week | Dec,20 15 |

Department of Aeronautical Engineering

TNA has been arrived after preparing a SWOT analysis of the Dept by interacting with all the stake holders.

Faculty:

| Sl.No | Names of faculty | Areas of training/development | Duration (Days) | Convenient (tentative) dates | Trainer Organizations |

Department Of Basic Sciences

Objectives:

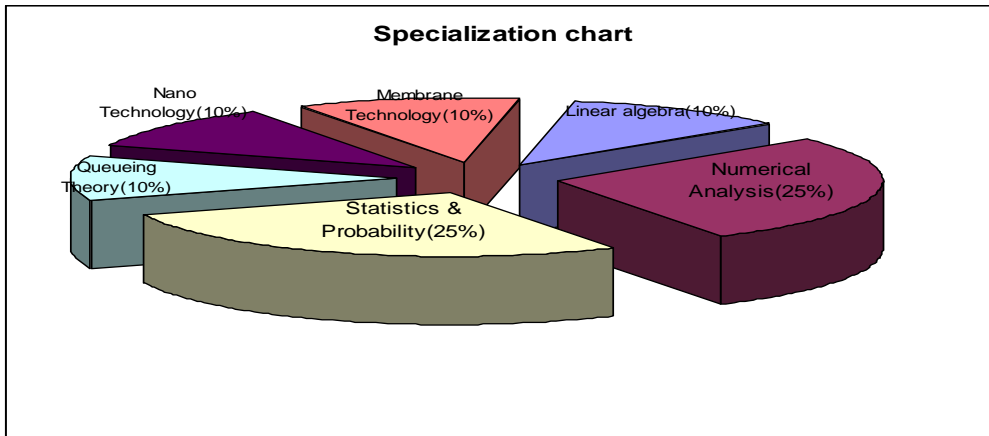

- NMIT has become academically autonomous since 2007. This conferment has enabled the Institution to frame its own curriculum keeping in mind, the industry readiness of students passing out of the institution. The curriculum is framed involving all faculty of the college with active participation from members of the industry and premier institutions like IISc. Emphasis is on fundamentals, applications and advances in the field of specialization. Curriculum being employed at present is considered to be the best and has been appreciated by all stake holders.
- Flexibility is being introduced to introduce any subject of importance based on the market driven needs and need for exposure.
- Summer schools are being conducted in emerging areas with additional credits for students undergoing the course.
- Placement related training is conducted for final year students on an ongoing basis at regular intervals.
- Institution has also adopted a policy to introduce soft skill based courses for the benefit of students with appropriate credit weightage to ensure overall personality development.
- Conducting courses in programming languages, development tools and recent advances in Information Processing not in the curriculum.
- All these aspects require empowerment of faculty and need training to raise their confidence to teach course effectively and confidently.
- In order to make teaching learning process effective there is also need to offer training on pedagogy and soft skills to faculty members.
- Taking all these objectives into consideration, detailed TNA has been carried out and also an effort has been made to arrive at training needs.

Need for Training:

The curriculum offered to our students is planned to streamline the areas of specialization (core subjects) in the following streams

- Linear Algebra (10%)
- Numerical Techniques (25%)
- Statistics , probability (25%)
- Queueing Theory (10%)

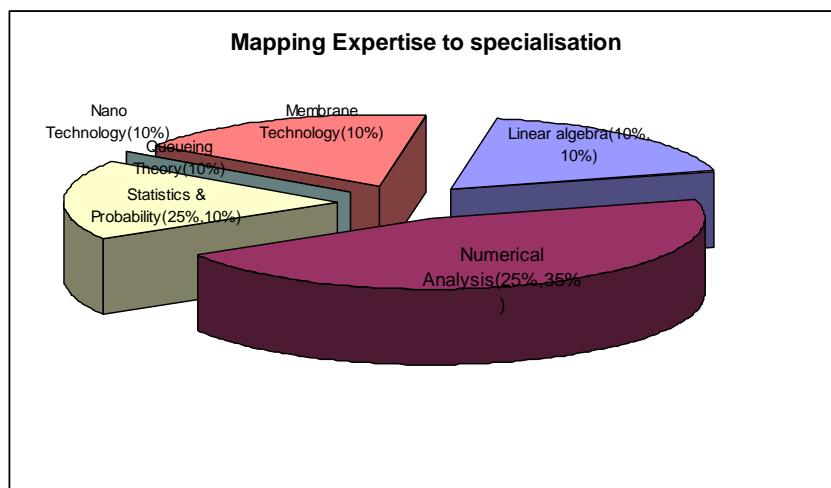

- Nano Technology (10%)
- Membrane Technology (20%)

Gap Analysis:

Based on the qualification and expertise of the faculty of the department, **following is the**

Mapping of specialization to the expertise of faculty.

This mapping infers the following:

- More number of faculty to teach
 - Numerical analysis
- Sufficient number of faculty to teach
 - Linear algebra
 - Queueing Theory
 - Membrane Technology
- No expertise for Nano Technology
- Need for more expertise in
 - Statistics and probability

Training Need Analysis:

Hence department proposes to conduct the training in the following areas

Technical skills:

- Statistics, Probability and application
- Nano Technology
- Computational Techniques
- Membrane technology
- Recent advances such as

Pedagogical Skills:

- Teaching-learning styles
- Personality Development Skills
- Behavior Analysis and profession
- Analytical Skills
- Vibrant and innovative teaching
- Use of technology in teaching
- Syllabus, lesson plans, assessment questions etc.

Soft Skills:

- Effective communication skills
- Team work and management
- Strong interpersonal skills
- Behavioral traits such as attitude, motivation ,time management, managerial and leadership training

Training Plan:

| Sl. No | Names of faculty | Areasoftraining/development | Duration (Days) | Convenient (Tentative) dates | TrainerOrganizations |
|--------|-----------------------|--|------------------------|------------------------------|----------------------|
| 1 | All faculty | Teaching Methodologies for effective teaching. | 6 days (First module) | July -2015 | Pedagogy |
| 2 | All faculty | Teaching Methodologies for effective teaching. | 6 days (Second module) | July -2016 | Pedagogy |
| 3 | Dr. B R Revathi | Graph Theory | 7 days | June-2015 | II Sc |
| 4 | Dr. Chandra Kala | | | | |
| 5 | Mr. Dhanunjaya Murthy | | | | |
| 6 | Ms. Sushma P | Probability & Statistics | 7 days | June-2015 | ISI |
| 7 | Mr. Sree Gourav | | | | |
| 8 | Ms. Pallavi G | | | | |
| 9 | Mrs. Suma Sree | Numerical Analysis | 7 days | June-2015 | TIFR |
| 10 | Dr. Padmavathi R | | | | |
| 11 | Mr. Jagadeesha S | | | | |
| 12 | Mr. Shiva Prasad | Material Testing | 15 days | June 1-15, 2015 | IISc |

| | | | | | |
|----|-----------------------------------|-------------------------------|---------|-----------------------|--------------------|
| 13 | Mrs. Jyothi G B | TEM, SEM & Raman Spectroscopy | 10 days | June-2015 | CMTI |
| 14 | All Physics and Chemistry Faculty | Thin film technology | 3days | July-2015 | IISc, CMTI |
| 15 | Dr. Aravind | Nano Technology | 5 days | 3rd -7th June-2015 | IISC |
| 16 | Dr. Raghu | Pharmaceuticals | 2 days | 21st & 25th July-2015 | JNC |
| 17 | Ms. Sowmya Sree | Liquid Crystals | 5 days | 5th -9th May-2015 | Ramaiah University |

Principal:

| Areas of training/development | Duration (Days) | Date(Tentative) |
|-------------------------------|-----------------|-----------------|
| Visit to premiere Institution | 15 days | Sep,2015 |

Attendance in activities such as workshops, seminars,

- Depending upon the need of the department and the individual they;
- Will be deputed for one national/international workshops/seminar per semester to develop new knowledge and skills in their current or future roles.
- At least one workshop/seminar will be conducted by every department by involving the faculty and also inviting eminent resource persons from field/industry/academic institutions with the help of funding agencies such as TEQIP/AICTE/ DST/ MHRD /VTU etc.
- Improvement in faculty qualifications
- Improvement in faculty qualification will be done by deputing the faculty members to IISc, IITs and other premier technical institutes in India.
- The faculty members will be encouraged to register for the PG/Ph.D. programs which are offered in the institute.
- Deputing the faculty for higher studies with salary, many faculty have acquired M.Tech/Ph.D. Degrees by this facility. At present 10 Faculty members in Engg discipline and 5 faculties in science discipline have registered for Ph.D in various premier Institutes, 18 faculty members have registered for M.Tech programme.
- Deputing faculty members (by Seniority) for higher studies.
- Faculty members are encouraged to participate in seminar, conferences workshops to make the faculty aware of the advances in knowledge, technologies and research.

Following table gives summary of the faculty participated in different training/seminar/workshops etc.

Workshop/Orientation Programme Attended/Conducted on TEQIP Phase-II

List Of Faculty Development Programmes Conducted Under Teqip-II

| Sl. No | Name Of The Department | Title Of Activity | Date | | Name Of The Associated Organization |
|--------|------------------------|---|----------------|----------------|--|
| | | | From Date | To Date | |
| 1. | ECE | Three Day workshop on ARM Processor Archt., pgming and applications | Aug 27th 2012 | Aug 29th 2012 | ARM Embedded Technologies |
| 2. | COLLEGE Level | FDP on Teaching Methods and Techniques | 5th Nov 2012 | 7th Nov 2012 | National Institute of Technical Teachers training and Research , Chennai. |
| 3. | CSE | Workshop on Emerging Trends in Image and Video processing | 21st Jan 2013 | 25th Jan 2013 | DRDO Bangalore, DRDO Chennai, Mysore University, HCL Technologies Bangalore, Siemens Bangalore, DTRL New Delhi |
| 4. | ECE | A Five day workshop on ASIC Design using open source CAD tool, by AARON Research Lab. 4th to 8th March 2013 | 4TH Mar 2013 | 8th Mar 2013 | AARON Research Lab |
| 5. | ECE & ISE, CSE | Workshop on Advances in Wireless Sensor network using hands on from 7th to 11th May | 7th May 2013 | 11th May 2013 | IISc, DRDO, CISCO, HP Global Soft Ltd. ECIL |
| 6. | Mech | National Workshop on “Additive Manufacturing and Micro Machining” | 11th June 2013 | 13th June 2013 | Scientists from CMTI, Bangalore |
| 7. | EEE | Workshop on PLC and SCADA | 26th June 2013 | 27th June 2013 | Prolific systems |
| 8. | CIVIL | One day workshop on Mind management “Mind UR Mind” | July 8th 2013 | July 8th 2013 | Sellmark Inc HR Consulting & Training |
| 9. | Mechanical | Workshop on Entrepreneurship & Intellectual Property Rights EIPR-2013 | 11th July 2013 | 12th July 2013 | MSRIT, National Institute of Design Bangalore, Nitte School of Magmt. Bangalore, IPR Bangalore |
| 10. | Civil | Drafting Software Training | 10th July 2013 | 20th July 2013 | Kruthi Computers |
| 11. | Civil | Workshop student inspiring | 18th | 20th July | Art of Living |

| | | | | | |
|-----|------------|---|----------------|----------------|---|
| | | students to Excel | July 2013 | 2013 | |
| 12. | CSE | Emerging Research in Computing, Information, Communication and Applications | 1st Aug 2013 | 03rd Aug 2013 | C-DAC, DELL Research & Devept, HPC & Cloud Group, DIAT Pune, Detroit USA, |
| 13. | Civil | International Workshop on Analytical and Computational Solid Mechanics(ACSM-2013) | 5th Aug 2013 | 9th Aug 2013 | IISc Bangalore, NASA USA, IIT Bombay |
| 14. | ISE | Digital Signal Processing & Information Processing with Hands on | 19th Aug 2013 | 23rd Aug 2013 | IISc Bangalore, NAL Bangalore, NITK Surathkal , Crane Software int. Ltd. |
| 15. | EEE | Recent Trends in Alternative Energy “Biofuels, Solar, Electric & Air” in reducing pollution of motor vehicles | 22nd oct 2013 | 23nd oct 2013 | Environment & E-Governance, Bangalore |
| 16. | Chemistry | Advances in Material Research | 24th Oct | 25th Oct 2013 | NITK Surathkal, IISC Bangalore |
| 17. | Mechanical | National workshop on Introduction to Vehicle Dynamics | 31st Oct | Nov 4th2013 | Extencore Solutions |
| 18. | CSE | Workshop on MS-Office | 13th Nov | 19th Nov 2013 | NMIT, Bangalore |
| 19. | EEE | Patents Design Trademarks & Copy Rights | 06th Dec 2013 | 07th Dec 2013 | CGPDTM, Chennai |
| 20. | Mech | National Conference on Trends in Mechanical Engineering TIME-2014. | 16th Jan 2014 | 17th Jan 2014 | IIT Madras, JNCASR, IISc Bangalore, IIT Bhuvaneshwar, IIT Kharagpur, CPRI Bangalore, NAL , SIRMVIT, RITM Banglaore |
| 21. | Civil | Faculty Development National Workshop on “Water Resources and Environmental Engineering” from | 03rd Feb 2014. | 07th Feb 2014. | Resource persons includes Professors, Scientist from premier educational and industrial institutions and NMIT, Bengaluru. |
| 22. | CSE | Five Days Workshop on Application Research in Data Mining | 3rd Feb 2014 | 7th Feb 2014 | VIT Vellore, Cloud Computing Council India, Titanium pvt. Ltd. , Consultant from IIM, |
| 23. | EEE & Mech | Three day National level Workshop on "Research on | 5th Feb | 7th Feb 2014 | Karnataka Renewable Energy Development |

| | | | | | |
|-----|-------------------------------|--|----------------|-----------------|---|
| | | Renewable Energy Resources through Matlab/Simulink Models" 2014 | 2014 | | Ltd(KREDL), Govt of Karnataka and National Training Center for Solar Technology (NTCST), Karnataka Power Corporation Ltd(KPCL). |
| 24. | CSE | A Five Day Workshop on Data Mining Techniques and Big Data | April 21 2014 | April 25 2014 | CDAC, IBM, DELL, DRDO, UOM, IISc, Cognizant Technology |
| 25. | EEE | Two Day Workshop on "STRATEGIC PLANNING FOR INSTITUTIONAL DEVELOPMENT" | May 12th 2014 | May 13th 2014 | NIT, Surathkal, IIT Madras, IGNOU New Delhi, NITIE Mumbai |
| 26. | Mechanical | 5-Day Workshop on Rapid Prototyping & Manufacturing Technologies | June 09th 2014 | June 13th 2014 | Additive Manufacturing Society of India(AMSI) |
| 27. | Multidisciplinary Departments | 5 day national workshop on Nanomaterials and Microsystems from | 14th July 2014 | 18th July 2014 | Scientists from IISc, DRDO, NAL |
| 28. | ECE | A Five Day Hands On Workshop on "Analog and Digital Chip Design | 22nd July 2014 | 26th July 2014 | Entuple Technologies , Bangalore , IISc Bangalore, RV-VLSI, Semicon Labs, CADENCE |
| 29. | CSE & MCA | 2nd International Conference on ERCICA-2014" | 31st July 2014 | 2nd Aug 2014 | IISc Bangalore , IIT Kanpur, IIT Bombay |
| 30. | ISE | 5 Day workshop on Hybrid (CPU-GPU) Computing and its applications with Hands on in Collaboration with NVIDIA | 5th Aug 2014 | 9th August 2014 | NVIDIA |
| 31 | Electronics | Student Satellite Training Programme-2 | 7th Aug 2014 | 9th Aug 2014 | ISRO |
| 32 | Mech | BITES-NMIT Symposium on Design & Innovation | 11th Aug 2014 | - | |
| 33 | EEE | One day faculty training Program on Outcome based education | 1st Dec 2014 | - | MSRIT |
| 34 | Mechanical | One day Workshop for non technical staff on "TIG Welding Technology" | 14th Feb 2015. | - | SLV Industries |

Workshops Attended By Faculty

| Sl. No | Name Of The Participant | Designation & Department | Period | | Place & Venue |
|--------|------------------------------------|--------------------------|-----------------|-----------------|--------------------------------------|
| | | | From | To | |
| 1. | Dr. Chirag Sharma | Professor, ECE | 11th April 2012 | 12th April 2012 | SJCE,Mysore ,Karnataka |
| 2. | Vidyadevi G.B | Asst. Prof, CSE | 1st June 12 | 2nd June 2012 | KSIT, Bangalore |
| 3. | Prathiba Ballal | Astt.Prof, CSE | 1st June 2012 | 2nd June 2012 | VTU e-Learning Center, Mysore |
| 4. | Mohan.B.A | Senior Lect, CSE | 20th June 2012 | 22nd June 2012 | NITK,Surathkal |
| 5. | Veda Sandeep Nagaraj | Asst. Prof. ECE | 21st June 2012 | - | CMRIT ,Bangalore |
| 6. | Rohith H.P | Lecturer, ISE | 25th June 2012 | 29th June 2012 | Infosys Campus at Mysore |
| 7. | C.H.Venkata Ramesh | Lecturer , EEE | 27 June 2012 | 29 june 2012 | R.V.C.E, Bangalore |
| 8. | K.U. Vinayaka & V.M. Parthasarathy | Lecturer EEE | 5th July | 6th July 2012 | PESIT,Bangalore. |
| 9. | Dr. Sreenivasappa B.V | Assoc. Prof, ECE | 9th July 2012 | - | RVCE, Bangalore |
| 10. | Vasudha Hegde | Asst. Prof,EEE | 24th July 2012 | 25th july 2012 | Sapthagiri College of Engg. |
| 11. | G.K.Girish | Lecturer ECE | 23rd Aug 2012 | 24th Aug 2012 | RVCE,Bangalore |
| 12. | Maya K.N | Lecturer, EEE | 24th July 2012 | 25th July2012 | Sapthagiri Colleg of Engg |
| 13. | Dr. H.M. Ravikumar | Professor & HoD EEE | 5th Nov 12 | 6th Nov 2012 | Nayak Power Sys, Bangalore |
| 14. | Prathima Guruprasad | Sr. Lecturer, CSE | 6th Nov 2012 | 7th Nov 2012 | REVA institute of Technology, B'lore |
| 15. | Sowmyashree A.S | Lecturer, Chemistry | 26th Nov 2012 | 27th Nov 2012 | VTU, Belgaum |
| 16. | Ashok Reddy | Lecturer, Physics | 26th Nov 2012 | 27th Nov 2012 | VTU, Belgaum |
| 17. | Prathima Guruprasad | Sr. Lecturer, CSE | 6th Dec 2012 | 8th Dec 2012 | Oxford College of Engg, B'lore |
| 18. | Varsha Prasad | Sr. Lecturer | 6th Dec | 8th Dec 2012 | Cadence , Bangalore |
| 19. | Vasudha hedge | Asst.prof, EEE | 19th Dec 2012 | 20th Dec 2012 | NITK, Surathkal |

| | | | | | |
|-----|------------------------------|-------------------------|--------------------|--------------------|--|
| 20. | Dr. Srilatha Rao | Asso.Prof, chemistry | 30th Jan 2013 | - | IISC,B'lore |
| 21. | Ms.Sowmyashree | Lecturer, Chemistry | 30th Jan 2013 | - | IISC,B'lore |
| 22. | Poornima M.S | Lecturer,CSE | 30th Jan | 31st Jan 2013 | Acharya Institute of Technology, B'lore |
| 23. | Chaithra H V | Sr. Lecturer,CSE | 30th jan | 31st jan 2013 | Acharya institute of Technology, B'lore |
| 24. | N. Samanvitha | Lecturer, EEE | 2nd Feb 2013 | 3rd Feb 2013 | Bangalore |
| 25. | Rekha Phadke | Sr. lecturer, ECE | 7th Feb 2013 | 9th Feb 2013 | M.S engg College |
| 26. | Vandya Alva | Account officer | 11th Feb 2013 | - | SKSJIT, Bangalore |
| 27. | Sujatha Joshi | Asst.Prof, CSE | 26th Feb 2013 | 1 March 2013 | BITS Pilani ,Goa |
| 28. | Shailaja B | Receptionist | 10th March 2013 | - | British Council library |
| 29. | Naveen Kumar S.M | Asst Librarian | 14th Marc | 16th March 2013 | PES college, Mandya |
| 30. | Madhu S B | Asst Librarian | 14th Marc | 16th March 2013 | PES college, Mandya |
| 31. | Chaitra H.V | Sr. Lecturer,CSE | 15th March | 16th March 2013 | PESIT, Bangalore |
| 32. | Satish E.G | Lecturer , CSE | 15th March 2013 | 16th march 2013 | PESIT, Bangalore |
| 33. | Mr. B.S. Pavan | Lecturer, ECE | 19th March | 23rd march | Dr. AIT, Bangalore |
| 34. | Dr. Sudheer Reddy | Prof. Mech | 22nd April | 26th April 2013 | ANSYS Software Pvt ltd. Bangalore |
| 35. | G.K.Girish | Lecturer, ECE | 25th April 2013 | 27th April 2013 | MSRIT, Bangalore |
| 36. | Dr. Jeevan Kumar Padarthi | Assist.prof, Physics | 25th April | 27th April 2013 | MSRIT, Bangalore |
| 37. | Veena S | Sr. Lecturer, EEE | 25th April | 27th April 2013 | MSRIT,Bangalore |
| 38. | Vasudha Hegde | Assist.Prof,EE E | 25th April | 27th April 2013 | MSRIT,Bangalore |
| 39. | Mahendra M.A | Lecturer, Aero | 6th May 2013 | 10th May 2013 | Infosys Mysore |
| 40. | Hamritha. S | Lecturer, Mech | 6th may | 10th may 2013 | Infosys Mysore |
| 41. | Gangadhar K.C | Librarian | 7th May 2013 | - | JSS Academy for Eng & Technology, B'lore |
| 42. | D.B.Srinivas | Asst. Prof. ISE | 4th June | 7th June 2013 | Bangalore |

| | | | | | |
|-----|----------------------------|---------------------|----------------|----------------|------------------|
| 43. | Balachandra p Shetty | Prof, Mech | 4th June | 7th June 2013 | Bangalore |
| 44. | B.A.Mohan | Sr. Lecturer, CSE | 17th June 2013 | 19th June 2013 | NITK , Surathkal |
| 45. | Ramkrishna k | Lecturer, CSE | 17th June 2013 | 19th June 2013 | NITK , Surathkal |
| 46. | Nagaraj S.R | Lecturer, CSE | 17th June 2013 | 19th June 2013 | NITK , Surathkal |
| 47. | Archana Nayak | Sr.Lectuer,Civil | 27th June 2013 | 28th June 2013 | MSRIT,B'lore |
| 48. | Santhosh N | Lecturer, Aero | 01 july 2013 | 05 july 2013 | JSSATE, B'lore |
| 49. | Mr. Arun Kumar | Lecturer, Mech | 11th July | 13th July 2013 | IIT, Madras |
| 50. | Mrs. Naina R. Karkala | Assit.Prof, ECE | 11th July | 13th July 2013 | IIT, Madras |
| 51. | Mrs. Seemasreekumar | Assist. Prof, ECE | 11th July | 13th July 2013 | IIT, Madras |
| 52. | Mr. Sriram Mukunda | Assist.Prof, Mech | 11th July | 13th July 2013 | IIT, Madras |
| 53. | Mr. Mohan B.A | Assistant Prof,CSE | 11th July | 13th July 2013 | IIT, Madras |
| 54. | Mr. Ramakrishna K | Assistant prof, CSE | 11th July | 13th July 2013 | IIT, Madras |
| 55. | Mrs. Bhuvaneshwari S Patil | Assistant prof, CSE | 11th July | 13th July 2013 | IIT, Madras |
| 56. | Mr. Santhosh Kumar K 1 | Lecturer, CSE | 11th July | 13th July 2013 | IIT, Madras |
| 57. | Pallavi Munihanumaian | Lecturer, CSE | 13th July | 14th July 2013 | PESIT, Bangalore |
| 58. | Sadhana H Upadhya | Lecturer, Chemistry | 15th July 2013 | 19th July 2013 | NMAMIT, Nitte |
| 59. | Ganavi H S | Lecturer, Chemistry | 15th July 2013 | 19th July 2013 | NMAMIT, Nitte |
| 60. | Sujatha Joshi | Ast .prof, CSE | 22nd july 2013 | 24th july 2013 | RVCE, B'lore |
| 61. | Chaitra H.V | Lecturer, CSE | 22nd july 2013 | 24th july 2013 | RVCE, B'lore |
| 62. | Nirmala J S | Lecturer, CSE | 22nd july 2013 | 24th july 2013 | RVCE, B'lore |
| 63. | Praveen Kumar S | Lecturer , Mech | 30th july | - | PESIT , Mandya |
| 64. | Rohith H.P | Lecturer, ISE | 30th july | - | PESIT , Mandya |
| 65. | Prathibha A Ballal | Assist.Prof, CSE | 21st Aug | 22nd Aug 2013 | Bangalore |

| | | | | | |

Details of Foreign Visits During TEQIP Phase-II

| Sl. no | Name of the Participant & Designation and Department | Purpose of the Visit | Title of Paper Presented (If any) | Place and Venue | Period of Visit | | Duration of the visit |
|--------|--|---|---|--|-----------------|---------------|-----------------------------|
| | | | | | From | To | No. of days |
| 1. | Mr. Saroj Kumar, Lecturer ECE | Presentation of Paper Attending the workshop & Participation in the conference. | Two stage De-tumbling for Twin NANO Satellites Studsat-2A/2B | China National Convention Center, Beijing, China | 19th Sep 2013 | 30th Sep 2013 | 11 days (including Journey) |
| 2. | Ms. Sneha Velayudhan, Lecturer, EEE | Presentation of Paper Attending the workshop & Participation in the conference. | Design of Electronic Power System for STUDSAT-2 | China National Convention Center, Beijing, China | 19th Sep 2013 | 30th Sep 2013 | 11 days (including Journey) |
| 3. | Ms. Divya Shankar, Lecturer, ECE | Presentation of Paper Attending the workshop & Participation in the conference. | Design of ONBOARD communication system for the NANO-Satellite STUDSAT-2A/2B | China National Convention Center, Beijing, China | 19th Sep 2013 | 30th Sep 2013 | 11 days (including Journey) |
| 4. | Dr. H.C Nagaraj, Principal, ECE | As a member of ISTE Delegation visiting USA Universities from | _____ | USA Universities – NewYork, | Oct 12th 2013 | Oct 25th 2013 | 14 days (including Journey) |

| | | | | | | | |
|-----|---|---|---|--|----------------|----------------|--|
| | | Oct 12th 2013 to Oct 25th Oct 2013 and attending Global Engineering Deans Council conference, Chicago 2013, oct 20-22, | | Washington D. C , Buffalo, IOWA , Michingan , Detroit. Chicago, USA | | | |
| 5. | Mr. Chethan Kumar, Lecturer ,Mech | Paper Presentation & Participating in The 14th Asian Congress on fluid Mechanics | Simulation of flow past a double floated aerofoil using multi block structured grid | Vietnam, Hanoi and Halong | 15th Oct 2013 | 19th Oct 2013 | 5 days (including Journey) |
| 6. | Dr. Dhananjaya H.A, Prof &Head, Civil | Attending Workshop on Strategic planning for institutional development | --- | Kathmandu, Nepal Park village Hotel | Nov 21 2013 | Nov 25 2013 | 5 days (including Journey) |
| 7. | Prof.K.A.Ranganatha Setty, Dean Academic & TEQIP Coordinator | Attending Workshop on Strategic planning for institutional development | --- | Kathmandu, Nepal Park village Hotel | Nov 21 2013 | Nov 25 2013 | 5 days (including Journey) |
| 8. | Dr. Sanjay H.A Prof & HOD , ISE | Attending International Interactive workshop on Effective Academic Leadership Strategies | --- | SEGI University, Kuala Lumpur Malaysia | 11th Dec 2013 | 15th Dec 2013 | 5 days (including Journey) |
| 9. | Prof.Sanjeev Nayak, Assistant Prof, EEE | Paper Presentation & Participating in the 8th IEEE international Conference on Industrial and Information systems 2013(IEEE-ICIIS-13) | Fuel Cell Based Hybrid Distributed Generation Systems” A review” | Faculty of Engineering University of Peradeniya, Kandy, Srilanka. | 16th Dec 2013 | 22nd Dec 2013 | 7 days (including Journey) |
| 10. | Dr. H.C. Nagaraj, Principal | Attending conference on “Engineering Education for a Global Community” | - | International Convention & Exhibition centre, Dubai WTC | 01st Dec 2014, | 06th Dec 2014 | 6 days (including Journey) |
| 11. | Prof. N.R. Shetty, Dr. H.M. Ravikumar, Dr.Sudheer Reddy & Ms. Samanvith | Visited North Dokota State University, Forgo USA | Signing MOU with NDSU University | Forgo , USA | 11th June 2014 | 13th June 2014 | 10th June to 16th June 2014 7 days (Including Journey) |

2.8 Provide an Action Plan for Training Technical and Other Staff in Functional Areas.

Development of Teaching Staff in Subject Domain:

Technical Staff:

| Areas of training | Name of the Faculty | Duration & Tentative Date | Trainer/Organization |
|--|-----------------------|---------------------------|--|
| Field Technician Networking & Storage | Support staff members | 1 week, Jan 2016 | To be arranged in association with Premier Institute |
| PC Trouble shooting | Support staff members | 3 Days, June 2015 | To be arranged in association with Premier Institute |
| Soft and Communications Skills development | Support staff members | 10 days, October 2015 | To be arranged in association with Premier Institute |
| Computer Communication and Networking | Support staff members | 10 days | To be arranged in association with Premier Institute |
| FPGA/MATLAB | Support staff members | 1 Weeks, May 2016 | MSRSAS |
| PCB design MSP-430 | Support staff members | 1 weeks, May 2015 | Live wire Bangalore |
| Cadence tool/NS2 | Support staff members | 1 weeks, July 2016 | Entuple Technologies |
| Hardware & Networking | Support staff members | 1 weeks, Aug 2015 | NIIT, Bangalore |
| COMSOL | Support staff members | 1 weeks, Sept 2015 | COMSOL-Multipysics |

CLASS IV STAFF:

| Sl. No | Name of staff member | Areas of training/d developme | Duration (Days) | Date | Trainer Organization |
|--------|--|-------------------------------|--------------------|------------------|----------------------|
| 1 | Aswathnarayan, Lakshmiddevamma Durgappa, Chennakeshava Shivaappa, Harish, Siddaraju Krishna murthy, Sunil .L., Ramanna Ninge Gowda, Prasadh, Ragavendra Shiva kumar, Shrimathi | Communication English | 1 Month Batch wise | Dec to Aug, 2015 | College level |

| | | | | | |
|---|--|-----------------------|-------------------|---------------|---------------|
| 2 | Aswathnarayan,Lakshmiddevamma Durgappa , Chennakeshava, Shivaappa , Harish, Siddaraju , Krishna murthy, Sunil .L., Ramanna , Ninge Gowda, Prasadh, Ragavendra , Shva kumar Shrimathi, Krishna Murthy | Basic computer skills | 1Month Batch wise | May- Jan,2016 | College level |
|---|--|-----------------------|-------------------|---------------|---------------|

Administrative Staff:

| Sl. No | Name of staff member | Areas of training/development | Duration (Days) | Date | Trainer Organization |
|--------|---------------------------|--|-------------------|-----------------------|----------------------|
| 1 | Raja Shetty | Budgeting & financial management | 1 week | June ,2015 | IIM,B'lore |
| 2 | Sony malli | Planning and implementation program | 1 week | Aug ,2015 | College level |
| 3 | Vandhya Alva | Office Automation training | 1 week | Aug ,2015 | College level |
| 4 | Mr.Suraj | Office Automation training Communication skills | 1 week 15 days | Aug ,2015 | College level |
| 5 | Ms.Malathi S | Office Automation training Communication skills | 1 week 15 days | Aug ,2015 | College level |
| 6 | Mr.Shrikanth Kotian | Personality development | 1 week | Apr,2016 | College level |
| 7 | Mr.Manjunathachar | Office Automation training Communication skills | 1 week 15 days | June 2016 Jul,2016 | College level |
| 8 | Mr.Lakshminarayana Hebbar | Personality development | 1 week | Apr,2016 | College level |
| 9 | Mr.Radhakrishnan K | Personality development | 2 week | Apr,2016 | College level |
| 10 | Ms.Malathi R | Personality development | 3 week | Apr,2016 | College level |
| 11 | Ms.Sneha Shetty | Basic computer skills | 2 week | May 2016 | College level |

2.9 Describe the Relevance and Coherence of Institutional Development Proposal with State's/National (in case of CFIs) Industrial /Economic Development Plan.

Coherence of Proposal with State's/Regional Development Plan:

Karnataka has been a pioneer in establishing science and technology institutions that have international standards. Karnataka has now been globally acclaimed for its achievement in the high technology manufacturing service sector, particularly its IT sector, which has been recognized as the second largest in the world. Given this status, Karnataka should now emerge as a global centre of excellence in education. For this to happen, it is essential that the State not only envisions achieving an education level which is the best in India, but one which is also competitive with countries of comparable size/system. The transformation of Karnataka into a vibrant knowledge society by 2020 will witness an increase in student enrolment with the actual numbers increasing from 12, 60,038 (18.1% GER) [2012-13] to 22,58,000 in 2020, reaching a GER of 35%.

This transformation should be entirely student centric, where the nature of expansion will reflect the student aspirations. As a point of departure, the higher education institutions in the state should design courses in accordance with the demand of students and match them appropriately to the dynamic work space that reflects employment opportunities both at the national and global level. Students need flexibility in choosing courses to prepare themselves for their careers and aspirations, which vary, especially at the extremes. In the drive for healthy competition, higher education institutions should continuously innovate and align with contemporary changes to be able to attract the best students. In other words, students should no longer be limited by the choice of conventional courses offered by colleges that do not prepare them for a smooth transition into the world of work. Opportunities should also be provided for continuing higher education and training in order to create a notion of citizenship and responsibility.

The Karnataka Government recently approved the new IT and Electronic Hardware policies to further boost the growth of these sectors, which account for 20 per cent of the state's Gross Domestic Product. The new IT Policy 2011 envisages promotion of the information technology industries and innovative parks in Tier II and III cities. The government also approved the Karnataka Electronics Hardware Policy and earmarked Rs 25 crore as

budgetary allocation for its implementation. State has plans to develop four Electronic Hardware parks in the clusters of Bangalore—Tumkur, Shimoga—Hassan, Hubli—Dharwad and Mysore—Nanjangud with all necessary infrastructure.

With the above expectations of the passing graduates our development plan has following thrusts:

- To provide trained and skilled technocrats for India as well as to meet the global competitive talents.
- To provide the state-of-the-art infrastructure to strengthen the teaching-learning process.
- To enhance research culture amongst the faculty and students and to promote testing and consultancy.
- To strengthen the faculty / technical staff / administrative staff / supporting staff development activities.
- To implement governance and curricular reforms to enhance employability of the students.
- To strengthen industry institute interaction.
- To give greater impetus to produce man power for teaching, research, innovation to strengthen the existing PG programs and start new PG programs in the emerging areas of technology.
- Obtaining accreditation in all eligible UG / PG Programs.

Thus above institutional development proposal has the relevance and coherence with the Karnataka states Industrial/Economic Plan.

2.10 Describe Briefly the Participation of Departments/Faculty in the Proposal Preparation and Implementation.

Preparation of the proposal:

This proposal has been prepared with active participation of the faculty and staff of all the departments as detailed below;

An exhaustive SWOT analysis was carried out and objectives have been finalized through a common consensus of all the departments.

1. The departmental objectives have been fine-tuned in line with the institutional vision/mission/quality policy.
2. The departments have finalized their preferential areas for development of expertise in consultation with the faculty members so that the areas are in tune with the individual interest as well as departmental objectives.
3. Senior faculty have prepared a project report for starting new PG Programs.
4. The faculty development plans have been proposed by the departments based on the expertise needed
5. Training needs are proposed based on analysis carried out by all the departments/sections including administration

b) Implementation of the proposal:

The Implementation of the project will be through institutional TEQIP unit under which sub-units will work for major activities like academics, procurement, financial management, civil works, etc. The representation from all the departments will be ensured to head the sub units so that there will be uniform participation from all the departments. By involving large number of technical staff, faculty and administrative staff a sense of participation is induced among all employees.

2.11 Describe the Institutional Project Implementation Arrangements.

Institutional Project Implementation Arrangements:

Programme Implementation:

The institution has formed TEQIP unit under the co-ordinatorship of Prof. Ranganatha Setty. For implementation and monitoring purpose various committees have been formed to take the responsibility and to ensure proper implementation of the Programme. A regular meeting/discussion schedule will be worked out for all groups for project implementation. Head of the Institution will review the progress on bi-monthly basis.

Committee Details:

| Name of the chairman | Members | Name of the Project |
|---|---|---|
| Dr. Sanjay H.A Professor & Head, Dept of ISE | Prof.Kiran Aithal Dept of Mech Prof. Parthasarthy Dept of EEE Dr. Abdul Sattar Dept of PHY Dr. Pranesh Dept of Civil Dr. Prashanth Dept of ECe Dr.Thippeswamy | Implementation of academic excellence activities. |
| Dr. Sandya. Prof and Head Dept ECE | Prof. Srinivas.B. Dept of ISE Dr. Dinesh, HOD CSE Dr. Srilatha Rao HOD CHE Prof. Rajesh Dept of Mech Prof. Ananthaiah Dept of Civil | Faculty and staff development. The group involves in providing the service & monitoring in connection with development of the faculty & staff to upgrade their knowledge, skills & efficiency. |
| Dr. P. B. Shetty Prof. & Head Dept Mech | Prof. Rajesh.N. Dept of ECE Prof.Aruna Prabha Dept of EEE Dr. Sanju Dept of CSE Prof. Indira Dept of MATH Prof. Desai Gowda Dept of Mech Dr.Ismail Shek , HOD Aero | Procurement of goods |

| | | |
|--|--|---|
| Prof. Mahaveera Swamy Prof. Dept ECE | Prof.Gangadar Dept of Lib Dr. Sanjay H A Dept of ISE Dr.P.B.Shetty Dept of Mech Dr. Ismail Dept of Aero Dr. Dinesh Anvekar Dept of CSE Dr. Ravikumar H.A Dept of EEE Dr. Sandhya Dept of ECE Dr. Indira Dept of MATH Prof. karunakar Rai Dr. S.L. Rao Dept of CHE Dr. Abdul Sattar Dept of Phy | Modernization and strengthening of libraries and increasing access to knowledge resources |
| Smt. BhanuRekha Reddy | Prof. Madhusudan Dept of Mech Prof. Shankar Dasiga Dept of ECE Prof.Srinivas Dept of Eng Prof.Prathibha Ballal Dept of CSE Prof.Adithya Sastry Dept of ISE Mr. Mahendra Dept of Aero | Enhanced Interaction with Industry |
| Prof.Ravi Kumar H R Prof. & Head Dept EEE | Prof.Vijaya Shetty Dept of CSE Prof.Veda Dept of ECE | Institutional management capacity enhancement |
| Sri. Raja Shetty Internal Auditor, NMIT | Prof. Sowmya Dept of ECE Prof.Kavitha Sooda Dept of CSE Prof.Kabadi Dept of Mech Prof.Chandrashekhar Dept of ISE | Ensuring improvements in financial practices |

Additional Staff Required:

| Purpose | Designation | Numbers |
|--|--------------------|----------------|
| Staffs in clerical rank is required for maintaining records/ accounting / preparing report etc | clerk | 02 |

Project Monitoring:

For project monitoring Institutional Project Monitoring Unit (IPMU) will monitor and keep record of activities planned ,in process activityand activities conducted.Coordinator of each activity will be asked to give month wise working schedule of proposed targets under heads of finances / management / Research / lab setting etc.

Performance Audit:

- a) Half yearly report will be prepared on basis of progress of work done by different sub – committees. Monitoring will be on monthly basis for the schedules proposed for different activities
- b) Report on implementation of institutional reforms will be prepared once in six monthsfor academic,administrative and financial activities
- c)PerformanceIndicators will be assessed properly for education, training, services.

2.12 Provide an Institutional Budget.

Table29: Institutional budget:

| Activities | Category of expenditure (Head of expenditure) | Sub Activity | Total Expenditure Till 31-03-2015 (In Rs) | Action Plan from 1-04-2015 to 31-09-2016 (In Rs) |
|--|---|--|---|--|
| (1) | (3) | (4) | (5) | (6) |
| Provide Teaching and Research Assistantships to increase enrolment in existing and new PG programmes in Engineering disciplines | Assistantships | Expenditure on Masters students enrolled with TEQIP teaching assistantship | 3376000 | 3800000 |
| | | Expenditure on PhD Students enrolled with TEQIP research assistantship | | - |
| | | Others. (Specify if Material) | | |
| Procurement of Goods (equipment, furniture, books LRs, software and minor items) and civil works for improvement in teaching, training and learning facilities | Procurement | Expenditure on Library i.e. books, e-books, journals, e-journals course specific softwares | 11425081 | 11000000 |
| Enhancement of R & D and institutional consultancy activities except in the case of Private Unaided Institutions under S.C. 1.1 | R&D | Expenditure incurred on Research projects taken by UG/ PG students, Expenditure incurred on research publications in engineering in referred journals, Expenditure on Organising Conferences for R & D Topics, Expenditure on Patenting of Research Products | 1293981 | 1000000 |
| Faculty and staff development for improved competence | FSD | Expenditure on Faculty with B Tech enrolled for M Tech against total B Tech faculty | | 100000 |
| | | Expenditure on Faculty with M Tech enrolled for PhD in engineering against total M Tech faculty | | 200000 |
| | | Expenditure on faculty members attended training in subject domain | 384417 | 500000 |
| | | Expenditure on faculty members attended pedagogical training | 77213 | 500000 |
| | | Expenditure on organising inhouse subject area training Programs/ Workshops/ seminars / continuing education programs. | 3171682 | 3000000 |

Revised Institutional Development Proposal Under Sub-Component 1.1, TEQIP Phase-II

| | | | | |
|--|----------------------|---|-----------------|-----------------|
| | | Expenditure on participation by faculty in Seminar/ Conferences/ workshop etc. | 3114479 | 1500000 |
| | | Expenditure on staff development | 30984 | 500000 |
| | | Others. (Specify if Material) | | |
| | Total | | 6778775 | 6300000 |
| Enhanced interaction with Industry | I-I-I- Cells | Expenditure on academic Programs i.e. MTech/PhD etc. with industry | | |
| | | Expenditure on short term programs with industry | | 500000 |
| | | Expenditure on academic networking with other institutions | | |
| | | Expenditure incurred on Campus placements (UG & PG) | 996510 | 1000000 |
| | | Expenditure on UG Students attended industrial internship | | |
| | | Others. (Specify if Material) | | |
| | Total | | 996510 | 1500000 |
| Institutional Management Capacity enhancement | Capacity development | Expenditure on Sr. Officials & Sr. faculty attended management development training | 1217941 | 1200000 |
| | | Others. (Specify if Material) | | |
| Implementation of Institutional academic reforms | Reforms | Expenditure on accreditation fee for NBA | 1566740 | 1500000 |
| | | Expenditure incurred on Autonomous Institution status concurred by UGC | | |
| | | Expenditure on Curricula revision/restructuring | 848946 | 500000 |
| | | Others. (Specify if Material) | | |
| | Total | | 2415686 | 2000000 |
| Academic support for weak students | Student support | Expenditure on students transition from first year to second year of UG Programs (clearing all subjects /courses of 1st year in first attempt) | 359000 | 1200000 |
| | | Others. (Specify if Material) | | |
| Incremental operating cost | IOC | Expenditure on organising inhouse subject area training Programs/ Workshops/ seminars / continuing education programs, Salaries ,TEQIP Meetings, BOG Meetings etc.. | 2908723 | 2000000 |
| Grand Total | | | 30771697 | 30000000 |

2.13 Provide the Targets Against the Deliverables Listed in Table-30.

Table30: Institutional Project Targets And Targets Achieved:

| Sl.No | Deliverables | Baseline Data as on 2009-10 | Targets to be achieved | | Targets Achieved | Target till the end of the Project |
|-------|--|-----------------------------|--|--|---|------------------------------------|
| | | | At the end of 2 years | By Project closing (Dec 2014) | As on Mar 2015 | Oct 2016 |
| 1 | Number of students registered for (a) Masters in Engineering Pgm (b) Doctoral | 36 6 | 72 14 | 108 21 | 273 64 | 321 80 |
| 2 | Revenue from externally funded R&D projects and consultancies in total revenue (Rs. in lacs) | 123.5 lacs | 125lacs | 140lacs | 480Lacs | 600 Lacs |
| 3 | Number of publications in refereed journals (a) National (b) International | 5 30 | 30 50 | 36 60 | 120+ 200+ | 130+ 250+ |

| 8 | Accreditation status obtained/Applied. | 80% (UG) | 80 (UG+PG) | 100 | 55.5% | 100% |
| 9 | Vacancy position for faculty and staff | Zero | Zero | zero | zero | Zero |
| 10 | Percentage of regular faculty having a Master degree Or Doctorate degree in engineering | 67.6% | Will be increased by 20% Will be increased by | Will be increased by 40% Will be increased by | 84.29% 13.99% | 95% 15% |

Revised Institutional Development Proposal Under Sub-Component 1.1, TEQIP Phase-II

| | disciplines | | 10% | 20% | | |
|-----|---|-----------------------------|---------------------------|------------------------------|---|--------------------------|
| 11 | Transit rate from 1st to 2nd year for the following : • All Students • SC & ST Students • OBC Students • Women Students | 94.3% 88% 100% 95% | 95% 95% 100 100% | 100% 100% 100% 100% | 89% 90% 91% 95% | 90% 90% 90% 95% |
| 12 | Autonomy status | Autonomy obtained | Already Autonomou s | Already Autonomou s | Already Autonomou s | Already Autonomou s |
| 13 | Enrollment of faculty with only Bachelor degree for qualification up gradation | 10 | 10 | 15 | 04 | NIL |
| 14 | Any other academic deliverables (maximum 3) | | | | | |
| i | Commercialization research output/patent | ----- - | 02 | 04 | Patents Obtained-2 Applied For Patents- 6 NMIT | Additional 4 Patents |
| ii | Creation of centers of excellence in space research, Robotics, CFT | ----- - | 1 | 2 | 5 Multidiscipli nary Research Centers- 1.Centre For Small Satellite Research 2.Centre For Robotics Research 3.Centre For Computatio nal Fluid Dynamics 4.Centre For Nanomateria ls and MEMS 5.Centre for Design Engg and Process Simulation | Center for Big Data |
| iii | International exchange programmes with universities in USA/UK/Japan | ----- - | 1 | 2 | 2 | 1 |

2.14 Indicate the Action Plan to Ensure that the Project Activities would be Sustained After the End of the Project.

The institutions have to ensure that the gains made under the Program (higher standards/levels reached in core activities of the institution) would be sustained even after the completion of the project.

The gains that institution is expected to make are:

- Excellence in academic activities in areas such as postgraduate education, doctoral programs, faculty research, R&D and consultancy services, academic reforms, interaction with industry etc.
- Improved institutional management practices through administrative reforms and efficient financial management, etc.
- Effective exercise of autonomy, etc.
- Continued utilization of faculty recruited under the project.
- Continued to maintain Four funds created under different heads.
- Teaching and Research Assistantships to continue.
 - Revenue generation through
 - Consultancy
 - Training program
 - Running certificate / diploma courses
 - Commercialization of the outcomes of the projects
 - Funded Research projects
 - By obtaining patents for the project completed in the department.
 - The practice of executing the funded project to continue effectively.
 - Publishing papers in the National and International Conferences/journals.
 - Sustaining student / faculty interest and involvement in R&D activities.
 - The domain expertise acquired during the project (starting from inception to execution) is utilized for consultancy work/generation of funds.
 - To identify the industries working in the same domain and to have MOU's with them.
 - Training and workshop programs will be conducted in the specific domain areas.
 - Diploma and PG Courses may be proposed as per the specialization of the existing domains.
 - To get research oriented projects from the external agencies
 - Consultancy and R&D activity
 - Innovations
 - Patents
 - Commercialization of R&D outcome.
 - Procuring projects from different funding agencies.

2.15 Provide Procurement Plan for the remaining 18 Months for Goods / Civil Works in Table-4 and Consultancy Services Including Pedagogical Training in Table-5 with Budget and Timeframe.

Table-31 :18- MONTHS PROCUREMENT PLAN FOR WORKS/ GOODS* FOR SUB-COMPONENT 1.1

Name of the institution with location: Nitte Meenakshi Institute of Technology Bangalore -64

Table-32: 18 MONTHS PROCUREMENT PLAN FOR CONSULTANCY SERVICES FOR SUB COMPONENT 1.1

Not Planned To Procure Any Consultancy Services

2.16. Provide Any Other Information Related to Special Academic achievements as Given in Eligibility Proposal of the Institution.

SPECIAL ACADEMIC ACHIEVEMENTS

1. Board of Governors includes distinguished Academicians including former Vice Chancellors/ Eminent Scientists / leading Industrialists / Directors of R &D Labs.
2. Has a strong Academic Council-Comprising of leading Academicians, Scientists from Research Labs and Industrial experts in different disciplines and senior faculty members.
(Annexure: 06)
3. Periodic meetings of Boards of Studies with members from premier academic institutions, Industrial experts and senior teaching faculty leading to improve curricula/ syllabi / teaching –learning processes.
4. An Autonomous Institution Affiliated to Visvesvaraya Technological University, Belgaum and approved by Govt. of Karnataka after obtaining concurrence from UGC.
5. National Board of Accreditation has awarded Teir-1 Accreditation status to following eligible UG programmes -.Computer Science and Engineering, Electronics and Communication Engineering , Electrical and Electronics Engineering and Information Science & Engineering
6. NMIT is Accredited by National Assessment and Accreditation Council (NAAC) for the period of 5 Years from 2014-15
7. NMIT has Several Sponsored research Projects amounting to Rs. 5.5 Crores sanctioned by different reputed National Funding Agencies such as DST, DIT, AICTE, DRDO, VGST, IEEE, VTU etc.
(Annexure: 07)
8. Unique Institution which has established five Multi-Disciplinary Research Centres viz Center for Small Satellite Research, Center for Robotics Research, Center for Nanomaterial & MEMS, Center for Computational Fluid Dynamics and Center for Design Engineering & Process Simulation.
9. College has a unique Scheme of Deputing UG Students to Industry/R&D Organizations/IISc/IITs/NID for a minimum period of 6 weeks internship with academic credits
10. Strong Industry-Institution Interaction which resulted in placement of 90% of the eligible students.
11. The institution is actively involved in R&D in the frontier/cutting edge/multidisciplinary areas of Engineering and Science.
12. Eight Departments are recognized as Research Centres by VTU / Mysore University

13. Innovation and Entrepreneurship Development Cell (DST) and Business Incubator (MSME) are Established to encourage the entrepreneurship among the students
14. First time in India, UG students from a Consortium of Seven prominent Engineering colleges with NMIT as a lead college have successfully built India's first Pico Satellite "STUDSAT" which was launched through ISRO's PSLV-C15 vehicle on 12th July 2010 from Sriharikota. STUDSAT team has created a National Record by entering into LIMCA BOOK of RECORDS 2011 Edition.
15. Pick & Place Robot was designed & Developed by the NMIT students funded by IEEE USA & DRDO. The robot is kept as a permanent exhibit in Birla Science Center, Hyderabad
16. NMIT is working on India's first Twin-Satellite Project in association with ISRO and 6 other colleges in developing and launching Twin Satellites simultaneously communicating with each other.
17. Research Collaborations with North Dakota State University-USA, Indo-Korean Institute of Science & Technology, Indian Institute of Science, NITK, Fluidyne etc
18. Opportunities for UG and PG students to participate in research projects in the areas of Satellite/Robotics/ Image & Video Processing /CFD/ Nano Technology/MEMS/Design Engineering and Process Simulation / Cloud Computing , etc., which has resulted in publications in International Conferences/Journals, Patents and Awards.
19. NMIT students Participated in prestigious International/ National Project competitions, winning numerous awards. They include Formula Hybrid Competition, World's Largest Robot Competition ROBOGAMES, Indo-US Robo League, Unisys Cloud 20/20 V5, TCS TechBytes, IEEE All India Student Project Contest, International case competition -Go Green in the City, etc.
20. Publishing "Anusandhana"- Biannual Peer reviewed Journal of Science, Engineering and Management.
21. NMIT has signed MOUs with FKCCI Bangalore, NDRF Bangalore, KPIT Pune, ISRO, MSME Govt. of India, CMTI Bangalore, PURDUE Next USA, North Dakota State University(NDSU) USA,(Refer Annexure-8)
