

NITTE MEENAKSHI INSTITUTE OF TECHNOLOGY

14-April-2020

Dear Parent,

This is our third message to you since the college closed due to the outbreak of COVID. We will continue to keep the college closed till end of day 03 May, 2020. This extension of closure is in line with directives from the government and VTU.

Meanwhile, our teachers continue to have online classes for our students. We would like to see all students attend these classes. We also, once again, ask students to start revising subject material for subjects where they have failed. The early revision will make your son/daughter better prepared for the supplementary semester that he/she may need to attend.

Do continue to visit our website for official updates from us.

Lastly, do keep safe and stay well.

Wishing you the best,

Yours Sincerely,

PRINCIPAL NMIT
